ACKNOWLEDGEMENT

It’s my profound privilege to express a deep sense of gratitude to my supervisor Dr. G. K. Sahu, Head, School of Life Sciences, MATS University, Raipur, (C.G.) for his excellent guidance, constant encouragement, inspiring suggestions and constructive criticisms at every step of this study to completion and first of all allotting such an important thesis topic. I find myself at a dearth of words to enable me to adequately express thanks to him.

I am very grateful to Dr. Vivek Chaudhary, Professor and Head, Indira Gandhi Regional Cancer Centre, Department of Radiotherapy, Pt. Jawaharlal Nehru Memorial Medical College, Raipur (C.G.) and Director, Dr. B. R. Ambedkar Memorial Hospital, Raipur (C.G.) for his constant guidance, supervision and encouragement which helped me to complete this study.

I am very thankful to Dr. G. B. Gupta, Vice chancellor Ayush and Health Science University of Chhattisgarh for his untiring help leading to a successful completion of present work.

I am very grateful to Dr. Arun Madharia, Diector, Gyatri Hospital and Research Institute, Raipur; Dr. S. R. Gupta, Head, Dental Department, Pt. Jawaharlal Nehru Memorial Medical College, Raipur; Dr. Nidhi Gupta, Child specialist, District Hospital, Raipur; Dr. Rakesh Dubey, Endoscopist and Surgeon, Dirghayu Nursing Home, Raipur; Dr. Neeta Karnawat, CMO, B. R. Ambedkar Memorial Hospital, Raipur and Dr. Ruchi Dubey, Ophthalmologist, Polyclinic of Ram Krishna Mission, Raipur for their constant support and encouragement.

I express my sincere thanks to all the faculties of School of Life Sciences, MATS University for their valuable suggestions and inspiration from time to time.
I affectionately remember my parents and in-laws Late Shri Tulsi Kant Shukla and Mrs. Meena Shukla, Dr. Ramakant Bajpai, Mrs. Jayanti Bajpai for their blessings on every effort of mine ever since I was a little child. Their blessings are next to God to me through every hindrance. This work was not possible without the untiring support and affection of my husband Neeraj Bajpai and my son Aniruddh Bajpai.

I can never forget the cooperation of my friends Dipali Tamboli, Neeta Moryani and Jayshree Bhinde.

I also express my indebtedness to all the patients and their relatives who have participated in this study.

Before concluding I admit my gratitude to all those who have contributed but have not been mentioned.

And finally, I thank God for making all these wonderful people happen to me and prey for continued blessing and success.
