ACKNOWLEDGEMENT

No Endeavour is complete without the blessings of God and elders. Words can hardly express the heartfelt gratitude to all my dear ones.

I express my deep sense of gratitude to my guide and former Head of Botany Department, Gujarat University, Prof. O. P. Saxena for his invaluable guidance, critical comments, constant inspiration, encouragement and freedom throughout the course of the work.

I express my profound gratitude to Shri Shri Maa Anantanandatirth for her blessings.

I also extend sincere gratitude to the other members of the Department, Prof. Dr. Y.T. Jasrai, Head of the Department, Prof. A. V. Vyas, Dr. A. U. Mankad and Dr. H. A. Solanki and Dr. H. A. Pandya for providing healthy atmosphere in the Department.

I am thankful to my senior most Dr. Meena Kumar for her useful words of advice and academic discussions.

My special thanks to my senior, Ms. Monika Christian for her timely suggestions and attention during my whole practical work.

I am thankful to my senior Chitra Shukla for her kind support during my work.

I thank to my friends and colleagues Avni Bhatt and Manjari Mehta for their help and support throughout the work.

Words could hardly appreciate the help and cooperation extended by Santoshkumar Singh during practical studies and in finalizing my data.

I would like to thank my juniors Abha, Anamika, Kaplesh, Chatali, Sapana, Krishna, Devarshri, Vivek and Keyur for providing me healthy atmosphere in the laboratory.

I am sincerely thankful to Shri Shri Maa Anantanandatirth and Vd. Tapanbhai of Divyayot Ayurvedic Research Foundation, for proving me the necessary information and important data regarding my plants.

I would like to acknowledge the help of Dr. Thitte and Dr. Charegankaur, scientist and director of ANCHROM laboratory, Bombay for HPTLC analysis. My thanks to Mr. Avinash, Ms. Megha, Mr. Anup and other members for their timely help.
I owe a great deal to my mother and father, without whose blessings, encouragement, love and affection I would never have pursued such higher studies.

A word of thanks cannot suffice the great inspiration, support and help from my family members Sonadidi, Rupadidi, Vipul, Puja, Chaitanya, Chitra, Krupal and Krishna.

I am highly thankful to Sarita, Pinki, Sandhya and Rahul for helping me during my thesis finalization.

Lastly, but not least I thank to my well wishers who directly or indirectly helped me in successful completion of this work.
