ACKNOWLEDGEMENTS

The investigators, especially in the field of scientific research, are influence in a major manner regarding the basic approach by other stronger personalities. I am also not an exception. I am highly indebted to Dr. A. P. Rajani, Professor of Pharmacology, B.J. Medical College, Ahmedabad, for not only accepting me as his student but also for his dynamic action to give valuable advice, constructive criticism, suggestions and encouragement, which enabled me to complete this work in scheduled time.

I express my thanks to Dr. R.K. Dikshit, Professor and Head, Department of Pharmacology, B. J. Medical College, Ahmedabad, for his valuable suggestions, persistent encouragement and kind help.

I also take this opportunity to express my sincere thanks to Dr. Anil Shah, Director, Post-graduate studies and Professor and Head, Department of Radiology, B. J. Medical College, Ahmedabad for providing the facilities required to carry out the work and for his support and encouragement.

Sincere thanks and regards are due to Dr. M. M. Prabhakar, Medical Superintendent Civil Hospital, Ahmedabad and Professor and Head, Orthopedics Department, B. J. Medical College, Ahmedabad and Director, Paraplegia Hospital, Ahmedabad for allowing me to conduct this study in clinics of Civil Hospital Ahmedabad and his help in clinics in selecting and follow up of patients of arthritis.

Sincere thanks to Dr. H.P. Bhalodia, Professor Orthopaedics Department Civil Hospital & B.J. Medical College, Ahmedabad and Dean, Faculty of Medicine, Gujarat University, Ahmedabad for his help in clinics in selecting and follow up of patients of arthritis.

Regards are due to Dr. U. J. Jani, Associate Professor of Medicine and Dr V. C. Single, Associate Professor of Medicine, Civil Hospital and B. J. Medical College, Ahmedabad.
for their help in clinics in selecting and follow up of patients of hyperlipidemia and liver-
disease study.

I wish to appreciate the efforts of Dr. Hansa Goswami, Professor of Pathology; and In-
charge Diabetic Research Laboratory, B.J.Medical College, Ahmedabad by providing
facilities for estimation of Lipid profile and Hematological parameters.

I wish to pay due regards to Dr. Rajiv Chhabra, Professor of Bio-Chemistry,
B.J.Medical College, Ahmedabad for providing facilities for estimation of biochemical
clinical / diagnostic parameters in study diseases.

I express my sincere gratitude to Shri S.V. Patel, senior biochemist, Mr. Ramesh Dave
and Mr. Dayabhai Patel, senior technecian, Diabetic Research laboratory, B.J.Medical
College, Ahmedabad as well as sincere thanks to Mr. Barad, senior biochemist, Hi-Tech
laboratory, Civil Hospital, Ahmedabad, for assisting me in laboratory estimation of blood
samples.

With profound gratitude, I convey my sincere thanks to Dr. V.V. Mishra, Professor and
Head, obstetrics and gynecology Department, Institute of Kidney Diseases and Research
Centre (I.K.D.R.C.), Ahmedabad, for his invaluable, selfless and volunteered help for
correcting the manuscript of the thesis at all the stages.

I express my very special thanks to Dr. N. R. Pathak, Assistant Professor of Physiology,
B. J. Medical College, Ahmedabad, for helping me at all the levels for statistical analysis
and preparation of results.
I express my deep sense of gratitude and sincere thanks to Dr. Gagan deep Sharma,
Assistant Professor of biochemistry, B. J. Medical College, Ahmedabad, and Mr.
Mahesh Bhesania, (M.Sc. IT&CA), who spared his valuable time and provided help in
putting the entire manuscript in the proper perspective in a stipulated time.
I would also like to thank Dr. Vilas Patel, Associate Professor of Physiology, B. J. Medical College, Ahmedabad, for his continuous inspiration.

Last but not the least I would like to thank members of staff, residents, technicians of department of pharmacology, Medicine and Orthopedics, B.J. Medical College, Ahmedabad, for their help at various stages of my study at more than one occasion.

I would fail in my duty if I do not thank my parents for their blessings for me and to wife, who showed a deep understanding and a great deal of patience absolutely essential for conducting of the present work.

I wish to thank to many pharmaceutical companies, particularly Rekvina Pharmaceuticals, Baroda, India; Torrent Pharmaceuticals, Ahmedabad, India, for providing various study drugs and chemicals during the course of study.

NB: The Guide, the investigator and the co-investigators do not have any type of financial interest except gift supply of study drugs and chemicals with the pharmaceutical companies.

VYAS DINESH JAINARAYAN
