ACKNOWLEDGEMENT

I take this opportunity to express my thanks to Dr. J. J. Trivedi, B.Sc., Ph.D. (Bom.) under whose guidance the work described in this thesis was carried out.

I thank Principal Dr. R. D. Desai, B.A., M.Sc., (Bom.) D.Sc. (London), F.R.I.C., F.I.I.Sc., F.A.Sc., F.N.I., for his continuous interest in the work. My thanks are also due to Mr. T. P. Gandhi, for carrying out the pharmacological testing, and Dr. A. M. Trivedi for facilities. I also thank The Ahmedabad Education Society for defraying the expenses incurred during the course of the work.

(Firmohammed R. Pathan)
