Author's Published & Presented Work

- “Spectrophotometric study of photosensitized dechlorination of isomeric chloroanisidines” paper under revision in Journal of Indian Chemical Society.

- “Photosensitized dechlorination of isomeric monochloronitrobenzenes” paper presented in 89th Indian Science Congress, 3-7th January 2002 at Lucknow, India.

- “Study of formation of molecular complex in photochemically excited state of anisidines and cationic dye” paper presented in 91st Indian Science Congress, 3-7th January 2004 at Chandigarh, India.
