Acknowledgement

First of all, I thank God as he has always been very generous and kind for me. It gives me happiness to complete the work which I undertook, to get my thesis and I feel really indebted and feel gratitude to all those who made my thesis a reality.

My special acknowledgement is due to my guide Prof. (Mrs.) Shobhana K. Menon, who gave me the opportunity and freedom to work under her guidance.

I would like to acknowledge Dr. Kishor H. chikhaliya for his valuable support and cooperation.

I would also like to acknowledge Dr. Jignesh P. Reval for his precious support and collaboration.

I am indebted to all teaching staff of the Chemistry Department for their invaluable guidance, advice, support and tremendous cooperation shown throughout my work. I further extend my sincere thanks to the non teaching staff of the Chemistry Department for their help.

I warmly thank, Dr. Yogesh T. Jasrai, Department of Bioinformatics (Applied botany center), Gujarat University, Ahmedabad for his support. I would like to thank Prof. M. V. Rao and Dr. Linz buvy George, Department of Zoology, Gujarat University, Ahmedabad for the help extended. I would also like to thank Dr. Nayan K. Jain, Department of Life Science, Gujarat University, Ahmedabad for the help extended.

The work would not have been possible without the support and cooperation of my seniors Dr. Sudhir Dave, Dr. Bhargav Patel, Dr. Anishkumar, Dr. Guarang Patel, Dr. Raves Patel, Dr. Jayesh Panchal, Dr. Nishith Modi, Dr. Boodakya Joshi, Dr. Saurabh Patel, Dr. Hrishikesh Gupte and my colleagues and friends Alok, Kuldeep, Rahul, Rahul Modh, Ravindrabahu, Keyur, Bharat, Kapil, Anand, Pinkesh, Kalpesh and Saumya.

I would also like to thank Prashanthkumar, research student, Department of Bioinformatics for helping in computational study and Deval S. Mehta, research student, Department of Zoology for his help in biological studies.

I am highly grateful to Dr. Uma Harikrishnan and Nikunj Valand for their concern about my research work and constant assistance and outstanding cooperation during the whole course of research work. Especially without their invaluable support and assistance, it would not have been possible to finish this work.

I would also like to acknowledge University Grant Commission (UGC), New Delhi for financial support provided through Junior Research Fellowship (JRF) and Senior Research Fellowship (SRF).

I greatly acknowledge SAIF, Chandigarh and CSMCRJ, Bhavnagar for providing spectral data. I also extend my thanks to Inflibnet for rendering me excellent library facilities.

Last but not least, I am indebted lifetime to my parents for their sacrifice, support and endless love. No words can express enough appreciation for their patience. I would like to recognize the invaluable support, encouragement and prayers of my other family members and friends.

Manishkumar P. Patel
