Bibliography
Bibliography

1. Requirement specification documents of Indian Remote Sensing satellites, Technical document, Space Applications Centre, Ahmedabad, India
2. IRS user Handbooks, Technical document, ISRO/NRSA, NRSA, Hyderabad, India
4. ISRO vision design document, Technical document, Space Applications Centre, Ahmedabad, India
5. SACIMAGE-T design document, Technical document, Space Applications Centre, Ahmedabad, India
6. Detailed design reports of IRS data products, DQE and auxiliary software, technical documents, Space Applications Centre, Ahmedabad, India
7. Advanced Display System, technical document, Space Applications Centre, Ahmedabad, India
8. Proceedings of annual convention of ITUG, Pune, December 1993
10. VAX/VMS architecture, Digital Corporation.
11. VAX/VMS system internals, Digital Corporation.
12. VAX FORTRAN user guide, Digital Corporation.
16. VAX/VMS I/O user guide, Digital Corporation.
17. VAX/VMS system service manual, Digital Corporation.
19. K. Neelakantan, Indian Efforts in building parallel processors, Advanced numerical research and analysis group, Bhabha Atomic Research Center, Mumbai, India.
