ACKNOWLEDGEMENT

It is a pleasant privilege on my part to acknowledge my gratitude and indebtedness to my guide respected Dr. Pratiksha Raval, who has not only been my supervisor, but a source of continuous encouragement, constant help and invaluable guidance, at each and every stage of my research.

I am grateful to Dr. Mayuri Khamar, Dr. P. N. Nagpal, Dr. Abhay Vasavada, all the doctors of the M & J Institute of Ophthalmology, Civil Hospital and private eye hospitals for their cooperation, help and for providing me with various facilities during my course of data collection.

I take this opportunity to thank Dr. Deepak Bhatt, Prof. Nathan, Babu and Sethu and my friends in IIM and outside for their real help.

I have immense pleasure in acknowledging the support given by my father late Dr. R. N. Mathur and my brother Alok.

My thanks go to all the Eye disease patients whose cooperation and spontaneous willingness to take the test, helped me to collect the required data.

Lastly, I acknowledge my thankfulness to many individuals who have directly or indirectly helped me in the completion of my work.

Babita Mathur
