At this moment, I feel happiness and joy, on the culmination of the long journey for acquiring a Doctoral degree. The cruise has been with the exciting support from the Regional Research Centre in Physics of Mar Athanasius College, Kothamangalam and encouragement of numerous people including by superiors, well wishers, friends, colleagues, lab mates, relatives and siblings. On the occasion of finale of this investigation, I would like to thank all those personalities who made it possible and offered me with unforgettable experiences.

At this moment of accomplishment, I bestow worship to the GOD almighty for letting me through all the challenges. "I have felt your care, love and guidance day by day on the course of fulfilling my degree. I will keep on trusting you in future too."

The work would not have been a reality without the guidance and support of my supervising Professor Dr. Boben Thomas, the H.O.D. of P.G. Department and Research Centre in Physics, Mar Athanasius College, Kothamangalam, who originally traced out the experimental talents in me. His valuable advices, suggestions and corrections keep me on in the right track. He is not only my mentor but a better role model with a heart full of inspirations and unbelievable patience and I learnt a lot from him. He made me to become proficient in experimental techniques throughout the course of work and gave me freedom to do whatever I wanted, side by side by granting valuable feedback. My gratitude and homage to him are beyond what could be expressed in mere words.

I have a great deal of appreciation and gratitude to Prof. Dr. Winny Varghese, The Secretary, Mar Athanasius college association, who was also the former Principal of the college, for providing the facilities for the successful completion of this research, along with the motivations and affections showered over me which build me up in exhausted situations.
I utilise this opportunity to express my heartfelt commitments to Late. Prof. M. P. Varghese Sir, former Secretary of college association for granting permission to join as a research scholar in this esteemed institution and for providing with financial support in the initial stages including the development of infrastructure without which I can’t even dream on this investigation.

Sincere thanks to officials and scientists of Sree Chitra Thirunal Institute of Medical Science and Technology, Thiruvananthapuram and NIIST (former RRL) Thiruvananthapuram, for having SEM analysis on my initial samples. Special thanks to Dr. Shibu M. Eapen, Scientist, SAIF, CUSAT, Kochi for providing SEM, XRD and FTIR studies on my samples on time. Acknowledgements are due to Dr. Kashinath Patil, NCL Pune and Prof. M. S. Hegde of IISc Bangalore for extending the XPS facilities in the earlier stages of my work. I cannot ignore the facilities provided from SAIF, IIT Bombay and SIC, Bharatiar University, Coimbatore for the FESEM analysis. Thanks are paid to Dr. Gokul, Perkin Elmer Corporation, Hyderabad for extending FTIR ATR facilities. Special affection to Sri. Sarath S., Amrutha Centre for Nanoscience, Kochi for spending enormous time and utilising his experimental skills for having the sophisticated XPS etching investigations on the aged films.

I am thankful to Prof. Elias N. Paul and Prof. Dr. Mercy V. John, former Heads of the Department of Physics, Mar Athanasius College, Kothamangalam, along with other teaching and non-teaching staff of the department, and also Mr. Zion, Mr. Teddy and Mr. Jain for their help during the course of my research work.

Sincere acknowledgements to the research group in my laboratory, Dr. Radha K, K, (Principal, SNM College, Maliankara), Robin Francis (Asst. Prof., Maharajas College, Ernakulam), Johns Naduvath (Research Scholar IIT Bombay), Deepa S. (Asst. Prof. M. A. College, Kothamangalam), Anisha Joseph and Prasannakumari K., for their untiring efforts, fruitful discussions and lively moments in the course of my work.
I expand my heartfelt thanks to The Director, Higher Secondary Education, Kerala for granting NOC to do part time research. The Manager, Principal and the staff of Mar Elias HSS Kottapady, Principal and staff of Govt. Model HSS, Muvattupuzha, Govt HSS Neriamangalam and Govt. HSS, Pallarmangalam are warmly mentioned in this occasion for their sincere supports. A word of thankfulness to Smt. Annimol Kurian, Principal, GHSS, Neriamangalam, for the special love, care and support she had delivered to me on the mean time.

A word of recognition to my teachers of Bappuji school, Koothattukulam, especially the Principal Smt. Mary Samuel, for encouraging scientific thoughts and a flair of Physics from my school age.

Thanks to Kuriakose P. V., Shelly M. K., Unni A. M (Asst. Prof. CUSAT), Sreelekha V. G. (Administrative Asst., M. G. University) and all other friends and relatives not mentioned here for their continuous motivations and supports.

A special thanks to my Chachan, Ammachi along with my siblings, especially Velliettai, for their prayers and blessings. Simple words cannot express how grateful I am to my mother-in-law Smt. Ammini Varghese, for all the sacrifices that she had made on my behalf to take care of my children and to run my home, during the course of my work.

I am grateful to my daughter Neha for being such a good girl, who always cheers me up on my desperate moments. I also admire my little lovely son Chriss, who managed to play himself, when I used to be busy with my lap.

Finally, with all means I express great appreciation to my dearest wife Jisha, for playing a constructive role in the progress of my doctoral work, and with pleasure, to whom I dedicate this work.

Benoy Skariah
