ACKNOWLEDGEMENTS

The author wishes to acknowledge the assistance she received from several sources culminating in the completion of this thesis.

First of all, I owe a debt of gratitude to my advisor (late) Dr. Leela Shah, Dean, National Institute of Design, Ahmedabad for her incessant encouragement during the course of this dissertation.

The author is deeply indebted to Dr. Shyam Lal Mathur, Department of Agricultural Extension, University of Udaipur for his inspiring guidance, constructive criticism, incessant encouragement during the course of this investigation and in preparation of this dissertation.

I gratefully acknowledge the help rendered by Mr. B.L. Agarwal, College of Agriculture, in statistical analysis of the data, and to Mr. P.C. Maloo for going through the manuscript and suggesting the necessary corrections.

I am also grateful to Dr. P. Sundaram, Dean, College of Home Science, Udaipur, and Dr. Leela Phadnis, the then Dean, for their constant encouragement to complete this work.

Special acknowledgement is extended to all the farmwomen who served as respondents for this investigation, for their cooperation and help. I acknowledge the help received from extension agencies, puppetary team, Bhartiya
Lok Kala Mandal and Akashvani Udaipur. The assistance rendered by Mrs Usha Bhatnagar, Mr Khurshid and Mr Chhagan is acknowledged with thanks for getting the audio-visual aids prepared. Thanks are also due to Mr P.C. Mathew for cutting the stencils.

Last, but not the least, the author wishes to express her most sincere appreciation and gratitude to Mr Manohar Lodha, and her husband, her parents and to her little daughter whose constant encouragement and inspiration have contributed greatly to the completion of this study.
