List of Tables
List of Figures

Chapter 1.0 Introduction
1.1 Forest Resources
1.2 Extent of the world's forest
1.3 Forest Management
1.4 Focus on Agroforestry
1.5 Basis for Planning
1.6 Forests in India
1.7 Forest Working Plan

Chapter 2.0 Forest Management in India
2.1 Forest Organization
2.2 Working Plan
2.3 Silvicultural division of forest
2.4 Re-orientation of Working plan

Chapter 3.0 Overview of Remote Sensing
3.1 Electro-Magnetic spectrum
3.2 Active Passive mode
3.3 Type of Platforms, Sensors, and Data format
3.4 Air Borne Remote Sensing
3.5 Space Borne Remote Sensing
3.6 Remote Sensing Program in India
3.7 India Space Program
3.8 Referencing System

Chapter 4.0 Remote Sensing for Vegetation

Chapter 5.0 Literature Survey
5.1 Forest Mapping
5.2 Forest Inventories
5.3 Change Detection
5.4 Forest Working revision
5.5 Forest working plan inputs
5.6 Forest Mapping in Dangs forest
5.7 Fire-prone area mapping
5.8 Forest Plantation Monitoring in Gandhinagar
5.9 Grassland Mapping in Banni

Chapter 6.0 Study Area
6.1 Sabarkantha District
6.2 Territorial changes
6.2 Physical features
6.3 Hills
6.4 Drainage: River system
6.5 Geology
6.6 Vijaynagar State
6.7 Effects of past system of management
6.8 The area, composition and working of the forests

Chapter 7.0 Methodology
7.1 Classification adopted
7.2 Mapping criteria
7.3 Data Used
7.4 Remote Sensing data

Chapter 8.0 Results and Discussion
8.1 Bhagorpada Round
8.2 Chamthan Round
8.3 Pal Round
8.4 Sarsav Round
8.5 Vijaynagar Round
8.6 Zaleti Round
