ACKNOWLEDGEMENT

I take this opportunity to express my deep sense of gratitude to Dr. C. L. Bhatt, for her valuable guidance, during and prior to the period of the present investigation.

My thanks are due to the staff-members of the State Institute of Vocational Guidance, Physical Research Laboratory, Government Polytechnic, K. D. Polytechnic, C.N. Polytechnic, L. D. Engineering College, Industrial Training Institute, L. H. Science and S. D. Commerce College- Mansa, M. N. Science College - Patan and the University Libraries at Ahmedabad, Baroda, Delhi, Vallabh Vidyanagar and Bombay, for their kind cooperation in getting validity data, library references, electronit computing etc.

I reciprocate my hearty thanks to my co-workers Mr. P. A. Trivedi and Miss U. R. Desai, who are simultaneously developing other subtests of a kind of Battery of Academic Promise for Secondary School students of Gujarat, for their co-function in gathering validation data and integrating the general design of the proposed battery. Similarly, my thanks are due to Mr. S. J. Bhavsar for exchange of data for concurrent validity on samples of Saurashtra University area.

Hearty cooperation of the principals, teachers and students of the secondary schools, throughout the State, made the present work pleasant and systematic. I shall treasure their happy memories for ever. Here, I sincerely thank them all.
