Acknowledgements

I would first like to express my sincere and heartfelt thanks to my guide and mentor, Dr. R.A. Malagi, for providing the inspiration which led me to undertake this work. Without his valuable suggestions and constructive criticism this thesis would not have had its present form. It was his constant encouragement throughout the period of my research that has enabled me to complete this thesis.

I am indebted to the University Grants Commission for awarding me a Junior Research Fellowship which made this research possible.

I would also like to thank Prof. R.N. Mehta of M.S. University of Baroda for reading through parts of my thesis and discussing them with me.

Most of the research material was obtained from or through the Gujarat University Library, Ahmedabad and my thanks are due to the Librarian and other library staff for their co-operation.

I am grateful to the National Library, Calcutta, University Library, Bombay and the American Studies Research Centre, Hyderabad for the research material provided to me by them. The British Library at Ahmedabad also assisted me in obtaining copies of published articles from abroad and for this too I am grateful.
