ACKNOWLEDGEMENT

The success of a project depends on teamwork and co-operation of many people associated with it. I take this opportunity to thank all of them who have been instrumental in making it a success.

First and foremost, I thank all patients without whom the study would have not been possible.

With humble gratitude and great respect, I would like to thank my Guide Dr. M. N. Sumana,, Professor, Department of Microbiology, JSS Medical College, Mysore, for her able guidance, constant encouragement, immense help and valuable advices which moulded and enabled me to complete this course of investigation successfully.

I sincerely thank the Indian Council of Medical Research (ICMR-IRIS No.5/8/5/8/2008-ECD-I), New Delhi, for financial assistance in carrying out a part of the study “Investigative workup of smear negative cases of Tuberculosis (TB) in HIV patients and Antibiogram of Mycobacterial isolates”.

I have great pleasure in expressing my deep sense of gratitude to Dr. K. Jayashree, Professor, Department of Pathology, JSS Medical College, Mysore, for her valuable support, knowledge and advice throughout the work.

I am duty bound to acknowledge Dr. Anuradha. K, Professor, Department of Microbiology, Mysore Medical College and Research Institute, Mysore and Dr. Sumangala. B , Professor of Microbiology, Mandya Institute of Medical Science, Mandya (Doctoral Advisory Committee Members) for providing their valuable suggestions, guidance, continuous supervision and involvement from the stage of conceptualization to the completion of this work.

I am very glad to express my sincere gratitude and thanks to Mr. B. Mahadevaswamy, Lab technician, Department of Microbiology, JSS Medical College Mysore, for his immense and constant support, assistance in the entire course period.

I affectionately thank Dr. Sowmya G.S., Assistant Professor, Department of Microbiology, and Dr. Umesh. L, Professor of Pediatrics, JSS Medical College,
Mysore, without whom my thirst for research in the field of Medicine would have been just dream.

Special thanks to ICTC counselors Mrs. Jyothi. R, Mrs. Nandini. B, N.R. Nagarathna mnanni – (Tuberculosis Health Visitor), and lab technicians Mr. Irshad Ahmed N Pathan, Mr. Kumar. PS, Mr. Mahesh K.S. (SRL, NACO) for their valuable support, information and timely help.

My sincere thanks to Dr. Chitra Chandrashekar, Microbiologist, Iravatham laboratory, Hyderabad for the technical support and Mr. M. Girish, H.O.D of Microbiology, JSS Women’s College, Mysore, for providing me the opportunity to reproduce my research results into photographs.

I would like to thank Dr. G.S. Vijay Kumar, Dr. Madhuri Kulkarni, Dr. Tejashree. A, Dr. Rashmi P. Mahale, Dr. Raghavendra Rao. B and Dr. K.G. Rajeshwari for their help during the study.

I extend my heartfelt thanks to Ms. Linda Rose Jose - Research scholar, Post graduate students, Mr. Vinay kumar B.M., Mr. Parithosh, M.Sc Medical Microbiology students and lab technicians of the Department of microbiology for their cooperation during the study.

I also thank all teaching and non-teaching staffs of JSS Hospital and College, Mysore, who has directly or indirectly contributed to the completion of the study.

With utmost pride, I express my indebtedness and affectionately thank my beloved Mother, Husband, Daughter, Brother, Sisters and Friends who are my perennial source of inspiration in all my endeavors.

My special thanks to Mr. Madhu and Saraswathi Book Binders, for giving shape to my Thesis.

UMAMAHESHWARI. S
