The work described in this thesis has been carried out under the kind direction of Dr. I. G. Vasi, M.Sc., Ph.D., F.I.C., A.R.I.C. (London), Lecturer in Chemistry, Department of Chemistry, University School of Sciences, Gujarat University, Ahmedabad-380009, INDIA, to whom the author wishes to express his deep sense of gratitude for much helpful criticisms and invaluable guidance throughout the course of the present work.

I am indebted to the Council of Scientific & Industrial Research, New Delhi, for the Junior Research Fellowship and to the Gujarat University for research Scholarship throughout the tenure of the work.

I am thankful to the authorities of the Department of Chemistry, Gujarat University, for the laboratory facilities to carry out the experimental work.

I am also thankful to the authorities of the Chemistry Department, Sardar Patel University, for recording of Infrared Spectra of some of the compounds; and Ahmedabad Textile Industries Research Association for having carried out the Gas Liquid Chromatography of some of the compounds.
