1.2 history research: -

Temples information we have, lettered action. I saw, heard and not in terms of history sansodhaka. This research is different from the history books. We do not practice it. This is a bhavikaci bhavakaci bhavayatra. If you feel the need to research the history of the konala horila the most useful information. The Lord Ramachandra common man, then at the end of the Pandavas and the Chhatrapati Maharaj sivaji scandalize know it. What happened thousands of years hindusthanata maharastata middle, but the state is that information. Vasali the same period, a number of new villages. Many temples have been made, silpakala was deaf. 1250 was the subject batavabatavi rujali palemule culture, many atrocities have been a number of todaphoda Temples. The sight of the Temples avasesa phodalelyya or verified. This was the common man mandirabadadala pandavanni built a night, so if raksasane built asi information. It has to be your purvajannica unusual. Research is necessary to forget as you.

1.3 Practice Area: -

Rajapur the southern district of Sindhudurg district and tyapalikadila Devgad vaibhavavadi district and vaghetana River valley between Shook said. Taluka Ratnagiri district Rajapur the largest, most sahayadriparyanta flung from the sea is freehold. Sangames on This mubani - Goa National Highway, Chiplun - pophali - koyananagara karadakade to be kumbharli via
ferry, as well as sangames palikaduna sakharapamarge kolhapurakade to be the major roads are ambaghata.

Banakota north of Raigad District khadipalikade, pasicamela Sahayadri, beyond Satara, Sangli, Kolhapur districts and the south of the vijayadurg khadipalikade been newly created district of Ratnagiri Sindhudurg district or geographic composition is asi.

Kelasci Gulf, Gulf dabholaci, jayagadaci Gulf, Gulf bhatayaci, purnagadaci Gulf, Gulf jaitapuraci or B - still be the same khadaya dabhola remotely to the navigation of Chiplun.

Due to the newly revasa - Ready Marine Highway and the traffic on the Konkan Railway Recent image is changing. City relvetuna window when I see it khunavata asatoca Nature, but the play is much higher than in rich Konkan Railway nisargasrimanti kokanata there is a special avatana. Mumbari - Goa National Highway and Mr.. Dandawate and Mr. Madhu. George the face - moharaca is changing. The project ratnagirica staralarita, dabholace enrana vidhapitha, jamanya addition of new signs or district pharasa umatalya vastusithati is not the same.

Ratnagiri district of Savitri, vasisthi, jagabudi, or the nadha Shastri said. Satara district of Savitri mahabales on the origin and receipt ago - Mahad parisaratuna banakotajavalal sindhusagarala flows are going.

District Raigad and Ratnagiri district is the sarahadadaca. Vasisthi river bay tivare pavuna dabhola origin - is anjanavelajavalal sindhusagarala. Jagabudi River hatalota khindijavalal sources said. It is the vasisthi nadilaca. Shastri river Sangli district of origin pracitagadasi at sea is jayagadajavalal.

Tilak's birthplace, and Savarkar najarakaida ubharuna the temple, he patitapavana asprsyoksarace work, and smrtisthala thiba royal palace, white - Black Sea, Fort Ratnagiri City Places are limited asi. The city center is developing a new industry. Purnagada - rainy - bhataye - takes kolisare - jayagada - karahates on the premises of the whole play an important role as a tourist center that can be said. Dapoli and complex, as well as on the
premises or places sangames padhdatasira if the high rate of tourism development yasa can get.

1.5 Ratnagiri district of weather and hot water coil: -

Weather: -

The highest rate in 33 kinarapatatavari ansa. The temperature is so. January 19, St. ansa. They will be low. Sea salt and kokanata saninadhya in this area is flowing to the day-to-day matalari Waray temperature is low class. Some of the air.

Humidity: -

Water reservoir, the atmosphere in the form of hidden. If the steam is known as the vayurupa. Or the presence of water vapor in the form of stocks and humidity, humidity sthalakala rtuparatve is changing.

Precipitation: -

Pausa mainly during September and June are. Southwest monsoon or the - the passing - north or south parjanyace slide area, each approaching the northern limit of the normal 15 junaparyanta maharastaci the monsoon storm is prarabha crash. September 15 at the southwest exit mansunace begins.

Sahayadri side of vatabhimukha dongarata varsabharata 600 cm More than, 200 cm on kinarapatati When more than pausa. Southwest monsoon period, 94 per cent of the pausa parjanya ekadanra annual average annual rainfall is more than a year is considered parjanyadhikyace.

Latch: -

The variety and diversity in nature is sarvanaca gosticam attractions. Old Faithful America as the hot water prasidhdica Halls balagatata ring. The hot water coil or badiranarayana and Yamunotri are the popular level.

Ratnagiri district hot water coil local level are not known. I want to get a reputation of a level of Maharashtra. Arogyadrstaya is desirable to be hot sulfuric water bath. Incoming tourism to attract the influx of hot water
kokanata navyanam Release kundana is able to injure. The incoming -
badalita tourists ghevuna water or blank tabamadhye yevuna bath water to
be available to injure you need. Hot sulfuric water bath to cure skin diseases
kundatila is appropriate. Carmarogyanni bath tub with water, but others are
not eligible to apply. Kundata hot water bath, to the dumbanyace If the
khallele, and the water upasipoti dumbale hatapayata the balls to come, the
type of dizziness sakatata happen. As the course is to necessarily. Facilities
for the preparation of all the tourists can understand the measure of money.

But Ratnagiri district. Khed, unhavare - tamhane, unhavare - Khed,
aravali, turala, palaces, on sangames - phanasavane, the cloisters, the hot
water coil is Rajapur asa nau. Most of them mumbari - National hamarastya
from Goa are very close.
