CHAPTER 2

2.1 Typical Correlation Matrix

CHAPTER 3

3.1 Milestones in the History of Ahmedabad
3.2 Population and its Growth
3.3 Percentage Distribution of Work Force By Sector 1961-71
3.4 Wage Rates From 1951 to 1974
3.5 Number of Factories And Average Workers Employed (Daily)
3.6 Growth of Textile Industry in Ahmedabad
3.7 Primary Schools in Ahmedabad
3.8 Secondary Schools in Ahmedabad
3.9 Health Services in Ahmedabad
3.10 Public Transport Vehicles
3.11 Increase in Ahmedabad City Boundary
3.12 Wardwise Area and Density of Ahmedabad City-1971
3.13 Decennial Population Growth Rate and Density
3.14 Immigrant Population : 1971
3.15 Comparative Picture of Sex Ratio in Ahmedabad-1971
3.16 Age Composition by Sex 1961-1971 in Percentages
3.17 Percentage of Literate Persons and Workers to Total Population
3.18 Sexwise Percentage of Workers
3.19 Classification of Workers 1971 and 1981
3.20 Housing Development in Ahmedabad City 1961-71
3.21 Income Groupwise Housing Shortage in Ahmedabad
3.22 Type of Industrial Units in Ahmedabad 1974-75
3.23 Growth of Factories and Workshops Selected Major Groups
3.24 The Establishment in the Year 1971
3.25 Places of Recreation in Ahmedabad-1971
3.26 Details of Land Use in Ahmedabad
3.27 Capacity of Ahmedabad Municipal Transport Bus Service
3.28 Education Facility in Ahmedabad(in Numbers)
3.29 Health Units in Ahmedabad-1971
3.30 Agricultural Land in Ahmedabad Hinterland
   (Aggregates of 199 Villages)
3.31 Area and Out-turn of Principal Crops in
   Ahmedabad District 1967
3.32 Details of Workers in Ahmedabad Hinterland
3.33 Classification of Villages
3.34 Description of Variables
3.35 Banking of Villages Based on Principal
   Components
3.36 Ranking of Villages Based on Full Information
   Based Composite Indices
3.37 Villages of Finally Selected Ahmedabad
   Urban Region
3.38 Description of Variables of Finally
   Selected Ahmedabad Urban Planning Region

CHAPTER 4

4.1 Variables and Their Symbols
4.2 Estimation of Impact Coefficients
4.3 Growth Rates for AUPR Micro Regions in
   Alternative I and II
4.4 Categorywise Estimated Workers Based on
   Alternative-I in AUPR
4.5 Estimated Total Workers Based on
   Alternative-I in AUPR
4.6 Estimated Population Based on Alternative-I
   in AUPR
4.7 Categorywise Estimated Workers Based on
   Alternative-II in AUPR
4.8 Estimated Total Workers Based on
   Alternative-II in AUPR
4.9 Estimated Population Based on Alternative-II
   in AUPR
4.10 Area Requirement Per Housing Unit, its
   Value and Respective Income Groups
4.11 Estimated Number of Housing Units Require-
   ment in AUPR at the End of 1991 for
   Alternative-II
4.12 Villagewise Land Use Plans for Alternative-II
4.13 Housing Development in Region
4.14 The Land Use at Region for Industry
   Shopping, Public Places and Housing
4.15 Estimated Activity Pattern in Northern
   Region of AUPR
4.16 Estimated Activity Pattern in North
   Eastern Region of AUPR at the End of
   Year 1991
CHAPTER 5

5.1 Share of ULCR in Land Use Mix (Hectres)
5.2 Cost Estimates 1979-80
5.3 Cost of Land (Rs. per sq.mtr.) 1979-80
5.4 Total Cost Estimates Zonewise Category-wise Land Use Per Square Meter (in Rs)
5.5 Selective Surplus Margins Per Square Meter (in Rs)
5.6 Price Estimates of Land for Various Uses (Rs Per Square Mtr)
5.7 Cost, Revenue and Margin Flows (Rs in Crores)
5.8 Net Present Value for Various Land Uses in AUPR (Rs in Crores)
5.9 Micro Regions Chosen for Phase-I and III of Land Development
5.10 Cost Revenue and Margin Flows for Phase-I ULCR (Rs in Crores)
5.11 Net Present Value for Various Land Uses in ULCR (Rs in Crores)
5.12 Percentage Distribution of Fund Allocation
5.13 Cost Revenue Margin Flows for Phase-I ULCR Alternative-III (Rs in Crores)
5.14 Net Present Value for Various Land Uses
5.15 Comparative Evaluation

List of Maps

3.6 Altitude of Ahmedabad City
3.1 Rainfall of Ahmedabad City
4.1 Functionally Dominant Regions for Construction Workers
4.2 Functionally Dominant Regions for Trade and Commerce Workers
4.3 Functionally Dominant Regions for Transport Workers
