ACKNOWLEDGEMENT

It is my proud privilege to express my deep sense of gratitude and indebtedness to Dr. S.K. Ghosh, M.Sc. (Cal.), M.Sc. (Lond.), Ph.D. (Cal.), Assistant Director & In-Charge, Microbiology Division, National Institute of Occupational Health, Ahmedabad, who as the Research Guide has been the source of constant inspiration and giving guidance, suggestions and innumerable help at every phase of this work.

I wish to express my gratitude to Dr. S.K. Kashyap, Director, National Institute of Occupational Health, Ahmedabad for affording the Research Fellowships (J.R.F. & S.R.F.) and the Laboratory facilities and giving me the permission to utilise the work for preparing this Thesis for Ph.D. degree. I am extremely thankful to the Director-General, Indian Council of Medical Research, New Delhi, for the award of the Junior Research Fellowship as well as Senior Research Fellowship during the tenure of which this work was carried out. My thanks are also due to Dr. S.K. Nigam, Deputy Director, National Institute of Occupational Health, Ahmedabad for all the facilities given during the present study.

I am very much thankful to Dr. (Miss) V.N. Gokani (S.R.O.), Mr. P.B. Doctor (R.O.), Mr. Sitaram Yadav, (T.A), Mrs. Anuradha Deraseri, (L.T.), Mr. R.R. Teli (L.T.) and Mr. M.T. Makwana...
(L.A.) for extending their help from time to time. I am also thankful to Mr. K. Venkaiah for statistical assistance, and to Mr. G.L. Pandya (T.A.) and Mr. J.B. Vyas (L.T.) for their co-operation in sample collection. I am also thankful to Mr. Anand Makwana (Artist), and to Mr. P.A. Thomas for typing the manuscript.

Ms Desai
