

ACKNOWLEDGEMENTS

I wish to express my gratitude to Professor K.R. RAMANATHAN who introduced me to the subject and gave valuable guidance throughout the course of the work. I am grateful to Prof. R.G. RASTOGI without whose unstinting help and guidance, this work would not have been possible. I have pleasure in acknowledging with many thanks the help and guidance of Dr. J.S. Shirke and Dr. T.S.G. Sastry during the experimental work. I would like to thank the staff of the Computing Centre, in particular Messers C.G. Kathod, I.V. Vayeda and P.S. Shah for their generous help in data processing on IBM Computer. I thank Mrs. Mila Deshpande for supplying the programme for computing lunar tides and Mr. Amar Gargesh for computational help. I thank Mr. M.E. Latif for maintaining the proton precession magnetometer unit. I thank Mr. Unnikrishnan for the excellent typing work he has done.
