Acknowledgement

This thesis arose in part out of years of research that has been done since I came to Dr. P. Geraldine’s group. It is a pleasure to convey my gratitude with my humble acknowledgment to the people who contributed in assorted ways.

In the first place I would like to record my deep sense of gratitude to Dr. (Mrs). P. Geraldine, Professor, Department of Animal Science, Bharathidasan University, Tiruchirappalli, for her supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, she provided me unflinching encouragement and support in all possible ways. Her truly scientific intuition has made her as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a student, and a researcher. I am indebted to her more than she knows.

I gratefully acknowledge Dr. Philip A. Thomas, MBBS., MD., Ph.D., Professor and Head, Department of Ocular Microbiology, Institute of Ophthalmology, Joseph Eye Hospital, Tiruchirappalli, for his excellent advice, valuable suggestions, and constructive comments and for critical evaluation of my papers for publications and thesis. His involvement with his originality has triggered and nourished my intellectual maturity that I will benefit from, for a long time to come. I am grateful in every possible way and hope to keep up the collaboration in the future.

I express my sincere thanks to Dr. P. Subramanian Professor & Head, Department of Animal Science, Dr. C. Balasundaram, Professor (Rtd), Department of Animal Science, Dr. G. Archunan, Associate Professor, Department of Animal Science, Dr. K. Emmanuvel Rajan Assistant Professor, Department of Animal Science, and Dr. B. Kadalmani, Assistant Professor, Department of Animal Science, Bharathidasan University, Tiruchirappalli, for their valuable suggestions during this course of study.

My warm thanks are due to Dr. Vasanthi Nachiappan, Associate Professor and Head, Department of Biochemistry, Dr. R. Renganathan, Professor, School of Chemistry, Bharathidasan University and Dr. M. Rajamohan, Senior Ophthalmologist, Joseph Eye Hospital, Tiruchirappalli. Their kind help and support have been of great value in this study.
I sincerely thanks to my seniors Dr. J. Kalamurthy, Associate Professor, Department of Ocular Microbiology, Joseph Eye Hospital, Tiruchirappalli and Dr. T. Jayakumar, Post Doctoral Scientist, Taipei Medical University, Taiwan for their help during my research.

I extend my hearty gratitude to my friends Dr. R. Elanchezhian, Post Doctoral Research Associate, Durham Research Laboratory, University of Nebraska Medical Center, United States and Dr. E. Ramesh, Post Doctoral Fellow, King Saud University, Kingdom of Saudi Arabia for their deep interest, encouragement and unfailing help throughout the course of my Ph.D. program.

Collective acknowledgments is also owed to my colleagues Ms. M. Isai, Ms. G. Leema, Mr. T. Annadurai, Mr. K.V. Anand, Mrs. T.S. Anitha, Mr. A.R. Muralidharan and Ms. R. Anandhi whose presence perpetually refreshed, helped and gave me such a memorable time when working together.

It is with great pleasure; I sincerely thank my friends Dr. P. Kumaraasamy, Dr. K. Padmanaban, Dr. Faisal Kunnathodi, Mr. P. Vijayraj, Mr. J. Sabarirajan, Mr. Muthukumar, Mr. V.R. Muthukumar, Mr. K. Karthikeyan, Mr. S. Govindaran, Mr. A. Riazudhin, Mr. A. Rameshkumar, Mr. R.S. Ganeshkumar, Mr. M. Jacob, Mr. Ravichandran, Mr. A. Ganesh, Mr. M. Arun, Mr. M.V. Dass Prakash, Mr. K. Marimuthu, Dr. S. Ananathavel, Dr. V.S. Periyasamy, Dr. P. Ponmanikam, Dr. T. Rajagopal, Mr. C. Bharathiraja and Mr. M. Mathiyazhagan for their voluntary help during my research work.

Where would I be without my family? My parents deserve special mention for their inseparable support and prayers. My Father, Mr. V. Muniyan, in the first place is the person who put the fundamental learning character, showing me the joy of intellectual pursuit ever since I was a child. My Mother, Mrs. M. Parvathi, is the one who sincerely raised me with her caring and gently love. Sangeetha, and Manirathinam, thanks for being supportive and caring siblings.

Words fail me to express my appreciation to my Grandma, Chittapa Mr. Sellamuthu, Chitti Mrs. Bharathi, and Kutties Vikram and Sathyan whose dedication, love and persistent confidence in me, has taken the load off my shoulder. I owe them for being unselfish in letting my passions, and ambitions to come true.
I take this opportunity to thank Dr. P.R. Baskaran, Technical Officer, and other Non-teaching Staff, Department of Animal Science, Bharathidasan University, Tiruchirappalli for their assistance.

I acknowledge the financial assistance provided to me by Department of Biotechnology (DBT), New Delhi.

Finally, I would like to thank everybody who was important to the successful realization of thesis.

M. Sakthivel
