Acknowledgements

I express my deep gratitude and respects to my guide Dr. Anand. B. Halgeri. Director, Poornaprajna Institute of Scientific Research (PPISR) for his valuable guidance, strong motivation and constant encouragement during the course of my work. And I equally thank my co-guide Dr. Ganapati. V. Shanbhag. Assistant Professor, PPISR for his patience, constructive criticism and worthy suggestions apart from invaluable guidance given to me. He boosted me to explore this energy and environmental related topic in an organized manner and provided me with all the ideas of research-oriented venture.

I would like to thank an important person in my research carrier Prof. K. J. Rao who directed me to this wonderful institute to pursue my research and I am very much grateful to him.

I pay my pranamas and thanks to Poojya Swamiji’s, Late. H. H. Sri. Vibudhesha Theertha Swamiji (Founder Chairman of PPISR) and Present active Chairman of PPISR H. H. Sri Vishwapriya Theertha Swamiji.

I sincerely express my gratitude to my Doctoral Advisory Committee members Prof. H. N. Vasan, Principal Research Scientist, SSCU, Indian Institute of Science, Bengaluru, Prof. B. S. Jaiprakash Director, Institute of Environment and Hazardous Materials Management (IEHMM), BIT campus, Bengaluru and Prof. Y. S. Bhat, HOD, Chemistry Department, Bengaluru Institute of Technology (BIT), Bengaluru for their effective scientific suggestions at every stage of my research.

I wish to convey my sincere gratitude to Prof. T. N. Guru Row (IISc, Bengaluru) for valuable guidance and for providing instrumental facilities. Prof. B. Vishawanathan and Prof. K. R. Krishnamurthy, NCCR, IIT madras for enrolling me in orientation programme of catalysis.

I express my special thanks to Dr. Nalini. G. Sundaram, Department of Materials Sciences, for her concerns and motivations. And I also thank all the faculty members of
I would like to acknowledge my lab mates and friends at PPISR, Vijaykumar Markatti, Janardhan, Swetha Bhat, Suhas, Omkar and Aravind for their friendly and cooperative attitude and also timely help and encouragement in completing my research work successfully and they made my stay memorable at PPISR.

I place my sincere thanks to my junior lab mates, Manjunathan and Prashant for being my collaborators and helping me in completing part of my work without any hindrance.

I thank Dr. Chethan (Kuvempu University, Shimoga), Lalithalakshmi (IISc, Bengaluru), Dr. Shiva and Mr. Pramod (IICT, Hyderabad) Mr. Venkatesh (BIT, Bengaluru), Mr. Ramesh (TUV Rheinland), Dr. Raghavendra (Mayura Analyticals Pvt. Ltd.) for their timely help in characterizing the samples.

I also sincerely acknowledge AMEF management, Late. Sri. Vasudeva, Prof.K. Srihari, Hon. Secretary, Sri. Sheshgiri Rao and Sri. Sreenivasa Rao (Financial Advisors) for their suggestions and supports.

My heartfelt thanks to PPISR family members, Mrs. Latha for her care, love and most importantly administrative support, Mr. Nagarajan and Mr. Kishore for administrative support. I thank AMEF staff Sri. Santhoji Rao for his support. I also thank Praveen, Nagamma, Akkamma, Sriram, Ramu and Subramanya, Prakash (Electricians) for their unconditional help. And our canteen cooks Shashidhara and Jagadeesha for making wonderful and healthy food.

My deepest gratitude goes to my family for their unflagging love and support throughout my life; this dissertation is simply impossible without them. My parents, my mother Geetha for putting confidence in me in every step of my life and most
importantly for her sacrifices and father **Vasanth kumar** for his love and care and in-laws **Kusuma** and **Krishnappa**, who always had confidence in me.

The words are not enough to express my love and thankfulness to my brother **Sharath** and sister **Smitha**, it is because of their love and concern that I could reach here.

My life was not complete without the arrival of a special person, **Sandesh K.** who motivated me to carry out research. I thank him for giving me a strong support and valuable guidance and also being with me in every hard time and my sweet daughter **Saniha** for making me feel proud as a **MOTHER**.

I also owe a deep sense of thanks to all my brothers and sisters mainly **Ranjith, Santhosh, Shashwathi, Divya, Shiva Kumar** and **Suni**. And my dear ones **Dr. Thippeswamy, Dr. Veeranna** and **Mrs. Renuka** for their moral support.

A special thanks to my two beautiful niece **Sanskruti** and nephew **Tanay Raj**.

I would like to thank **AMEF** and **AMEC** trustees and members for financial support for the period of one year and also allowing me to carry out the research work at PPISR, Bidalur, Devanahalli, Bengaluru and CSIR, New Delhi, India, for the financial support in the form of senior research fellowship for the period of three years.

I also thank **Manipal University** for allowing me to register for the PhD programme.

Last but not the least, I thank all well-wishers, relatives and friends, whose names are not mentioned here.

**Swetha Sandesh**
