ACKNOWLEDGMENT

It is my duty to express my heartfelt gratitude and veneration to my guide Dr. M. V. Rao, M. Sc., Ph. D., Professor of Plant Science, Bharathidasan University, Tiruchirappalli, Tamil Nadu, for his valuable suggestions, persistent interest, vigilant supervision, continuous encouragement and brotherly attitude, which are the prime determinants, responsible for successful realization of this dream. I would be much thankful to his endless help and unfailing care throughout the period of my stay, which influenced me to accomplish this work successfully.

It is my pleasure in extending deepest thanks, to my co-guide Dr. S. Sankar, M. Pharm., Ph. D., Professor and Head, Department of Pharmaceutical Chemistry, JSS University, Ootacamund, Tamil Nadu, for his timely assistance and valuable suggestions.

I express my heartfelt gratitude to Dr. N. Jayabalan, M. Sc., Ph. D., Professor and Head, Department of Plant science, Bharathidasan University, Tiruchirappalli, Tamil Nadu, for his untiring support and encouragement during my study period.

My sincere thanks to Dr. J. H. Franklin Benjamin, M. Sc., Ph. D., Guest Faculty, Department of Plant Science, Bharathidasan University, Tiruchirappalli, Tamil Nadu, for his untiring support in proof reading and for his valuable suggestions and encouragement in completing the thesis work in a successful manner.

I am glad to extend my thanks to Dr. K. Elango, M. Pharm., Ph. D., Principal, JSS University, Ootacamund, TamilNadu, for his valuable suggestions and constant support.

I express my sincere thanks to Dr. Mike Harrison, School of Pharmacy and Pharmaceutical Sciences, The University of Manchester, Manchester, United Kingdom, for his technical assistance in spectral interpretation. Also I express my thanks to Mr. K. Manikandan and Ms Biljana Arsic, The University of Manchester, for their help during the course of study.

I would like to express my special thanks to my dearest friends Dr. N. L. Goueri Sankar, M. Pharm., Ph. D., Principal, Swami Vivekananda Institute of Pharmaceutical Sciences, Vangapalli, Andhra Pradesh and Dr. P. Perumal, M. Pharm., Ph. D., Principal, JKKN College of Pharmacy, Komarapalayam, TamilNadu, Dr. P. Ashok Kumar, M. Pharm., Ph. D., Lecturer in Pharmacy, Malaysian Allied Health Sciences Academy, Kuala Lumpur and Mr. T. Dhanasekaran, M. Pharm., Lecturer,
Swamy Vivekanandha College of Pharmacy, Tiruchengode, whose belief and confidence in me gave courage to follow my dreams in the area of research.

Also I would to thank my friends Mr. Muthu Kumar, Ms. Revathy Lakshmi, Ms. Senbaga Lakshmi, Mr. N. Ahmed Sherif, Mr. S. Parthiban, Mr. S. Muthu Krishnan, Mr. R. Thaniarasu and Mr. R.G. Baratwaj, Research Scholars, Department of Plant Science, Bharathidasan University, Tiruchirappalli, Tamil Nadu, for their assistance during this tenure as well for their help in proof reading.

I also extend my thanks to Mr. Diraviya Dass, Gardener, Department of Plant Science, Bharathidasan University, Tiruchirappalli, Tamil Nadu, for accompanied me to the field trips.

These words would not be sufficient for the never ending blessing, selfless contribution, constant encouragement and constructive inspiration of my family. I am grateful and proud of my parents for their gratifying benediction and guidance. I express my sincere thanks to my wife and children for their love, affection, inspiration and care taken on me in completing the thesis work in a successful manner.

G. BABU
