ACKNOWLEDGEMENT

I am greatly indebted to God for being gracious in providing me all the needed encouragement and strength in completing this thesis successfully.

I express my sincere thanks and gratitude to Dr. Anusha Bhaskar for her guidance, patience and constant encouragement right from the beginning of my work. This work has got ‘shape and life’ through her stimulating discussions, advices and optimistic efforts throughout my Ph.D work. I owe her abundant gratitude for the inspiring help which was greatly instrumental in the fruitful completion of my research work. For her prayers, supporting all my needs, blessing and loving care bestowed upon me during the entire period of my investigation. I take this opportunity to express my humble thanks to my guide.

I owe my deep debt of gratitude to Dr. B. Karthikeya Prabhu Scientist, TICEL Biopark Taramani, Chennai who lead me into the nuances in the realm of advanced research learning, he propelled me to be self motivated and dedicated to excel in my research. He had been a constant source of inspiration closely watching my progress with keen interest and directing me to the right track whenever the need arose, thus supporting me to complete the work successfully.

I would like to express my sincere thanks to Prof. P. Manikili Ms. A. Minhaj, Dr. S. Sivasubramanian and T. Anbalagan Faculty members of Genetechnology and Botany, JJ College of Arts and Science, Pudukkottai.

I am pleased to present my heartfelt gratitude to the Doctoral Members Dr. Rajendran, Reader, Department of Botany, Bharathiar University, Coimbatore and Dr. N. Thajuddin, Reader and Head, Department of Microbiology, Bharathidasan university, Tiruchirappalli for their encouragement and support.

I would like to register my heartfelt gratitude to Dr. G. Aruchunan, Co-ordinator, Centre for Pheramone Technology, Department of Animal Science, Bharathidasan University, Tiruchirappalli, Dr. S.S.N. Somasundaram, Assit. Professor, Department of Zoology, Govt. Arts College, Musuri, Tiruchirappalli and Dr. R. Ravikumar, Head, Department of Biotechnology, PRIST University, Thanjavur for his valuable contributions.

I would like to extend my sincere thanks to Dr. R. Krishnamoorthy and Prof. T. Asokan for their timely help and support during period of my work.
I would like to extend my sincere thanks to Research Scholars and friends for their timely help and support during the entire period of my work.

I extend my sincere appreciation and deep sense of gratitude to Mr. A. Arputha Raj, Mr. J. Johnson, Mr. V. Veerasamy, Mr. M. Arul Jesuraj, Shree Printers, Pudukkottai for the typography and printing of the thesis in a perfect manner and helping me in successfully completing this piece of work.

I would like to share my happiness with all my family members (Master Niranjan, Ezhil Rani. R, Chandran. K, Veerapandian. C, Venkatasan. C, Sivananthem. R, Dinesh. R, Vijay. M, Rajarajeshwari.R, Jabi and Master Nishi). Every spot of my life is soaked in your care and thank you all for the love, trust prayer and support you have showed all these years.

I don’t have words or don’t know how to thank my Dad & Mom (Thangaraju. N and Anjalai. T). I thank you for your love, affection, care and everything you have given me in this life. Thank you for all that you have done for me.

My cordial thank to my dear Sisters, Indra Ragunathan and Vasuki Mathiyazhagan, for their active co-operation and moral support throughout my career.

(T. RAVIMANICKAM)
