ACKNOWLEDGEMENT

This doctoral research could not have been conducted were it not for several key people who offered advice, inspiration and encouragement.

I would like to take this opportunity to express my gratitude to my guide, Dr. (Mrs.) Beena Tyagi, for her guidance, inspiration and encouragement throughout this work. Her profound knowledge, enormous enthusiasm, and keen insights in material chemistry and catalysis have, and will continue to be, a great source of inspiration for me.

I wish to convey my gratefulness to Dr. R.V. Jasra, Former Discipline Coordinator, Discipline of Inorganic Materials and Catalysis, CSMCRJ to give me the opportunity to do research work at CSMCRJ and for his encouragement and inspiration during my research work.

I am grateful to Dr. H.C. Bajaj, Discipline Coordinator, Discipline of Inorganic Materials and Catalysis, CSMCRJ for his kind support, encouragement and timely help throughout my research work.

I profusely thank Dr. P. K. Ghosh, Director, CSMCRJ, for allowing me to carryout research work in the institute.

I render my thanks to Dr. P. Paul, Discipline Coordinator, Analytical Science Discipline for providing various instrumental facilities. I would also like to acknowledge the important technical assistance of Dr. (Mrs.) P. Bhatt, for her XRD analysis, Mr. Vinod Agrawal for IR analysis, Sunil, Prasanth and Ranjith for surface characterization, Ms. Sheetal Patel for thermal analysis and Dr. Chandrakant for SEM analysis.

I am also grateful to DIMC family including Dr. R. S. Somani, Dr. R. S. Shukla, Dr. S. H. R. Abdi, Dr. S. D. Bhatt, Dr. H. M. Mody, Dr. S. Kannan, Dr. (Mrs.) R. I. Kureshy, Dr. N. H. Khan, Dr. A. B. Boricha, Dr. R. J. Tayade and Dr. Juggnu Bhatt for their continuous support throughout.

I am thankful to Mr. Mehul Bhai, BDIM, for his kind support during the submission of my thesis.

I am appreciatively grateful to Mr. P. G. M. Pillai, Mr. J. M. Parmar, Mr. B. B. Parmar and A. H. Lakhani for their help in procuring chemicals, gas cylinders and all other necessary items required for successful completion of my work.

I am grateful to my juniors K. Saravanan and Ajay Parmar for the support they provided in compilation and editing of my thesis.

My extreme thankfulness to my friends, well-wishers Dr. Krishnamohan Jinka, Dr. Kalpesh, Dr. Phany, Dr. Govind and Dr. Ranjith pillai for their help and support.
I would like to acknowledge Bhavnagar University for giving me opportunity to pursue Ph.D degree and I am very much thankful to Prof. N.C. Desai, Head, Department of Chemistry, Bhavnagar University for his kind support whenever I approached him.

Special gratitude goes to my family. Finally I thank the Nature almighty for blessings that lead to successful completion of this piece of research.

Basha Shaik
