</table>
(a) ‘Satisficing’ behaviour
(b) Secure Profits
(c) Full-cost Principle
(d) Multiple Goals
(e) X-Efficiency Theory

2) Non-feasibility at the Individual-level

(a) Systematic Biases
   (i) Availability
   (ii) Representation
   (iii) Anchoring and Adjustment

b. The Un-Desirability of Economic Maximization
   (1) The Position of Conventional Economics
   (2) The Irreducibility of Non-Selfish Motives
      (a) Altruism
      (b) Moral Commitment
      (c) Savings attitude
      (d) Free-Rides
      (e) Guilt and Habits

   (3) Self-interest and Morality

2. Economics Ethics

   a. The Ethical Standard as ‘Maximization of Satisfaction / Pleasure’.

   b. Utilitarian Ethics
      (1) The Ethical Standard as the ‘Greatest amount of Happiness/Pleasure’.
      (2) Utilitarian Perception of Moral Values

   c. The Naturalistic Fallacy
      (1) The Naturalistic Fallacy in Conventional Economics

   d. The Maximizing Consequentialistic Position
      1) Ignoring the role played by the ‘means’ of an action in conventional economics

CHAPTER III

THE BASIC ASPECTS OF ADVAITA VEDĀNTA

A. The Important Tenents of Advaita Vedānta
1. Brahman is the Reality
   a. Nature of Brahman
      (1) The Two-Fold nature
   b. The Concept of Māyā

2. The World is Illusory

3. The Embodied Soul is indeed Brahman and not essentially different from it.
   a. The Limiting Adjuncts of the Individual Soul
   b. Brahman and Jīva
   c. Bondage
   d. Liberation (Mokṣa)
   e. The importance of Knowledge (Jñāna)
   f. The Path to Liberation
   g. Jīvan-mukta (Liberated-while-living)

B. The Nature of Man according to Advaita Vedānta

1. The Two-Fold Self in Man
   a. The Two-fold nature of the Lower self
      (1) The Purusārthas
      (2) The importance of Dharma
   b. The Ethical-nature and the Animal-nature of Man

2. Dharma fulfils the interest of an Individual and the Society.

C. An ‘Economic Problem’ Revisited in the Light of the Advaita Vedāntic Concept of Man.

1. Human ‘need’ and human ‘greed’

2. The Sources of Dharma

CHAPTER IV

AN APPROACH TO ADVAITA VEDĀNTA IN THE CONTEXT OF THE CONCEPT OF ECONOMIC MAN

A. Advaita Vedāntic Rationality in the Context of Economic Rationality.

1. Role of Rationality (Yukti) in Advaita Vedanta
a. Yukti in the Stage of Śravana
   (1) Yukti as analogical reasoning (Upamāna) 93
   (2) Yukti as enquiry (Vicāra) 95
b. Yukti in the stage of Manana
   (1) Yukti as Syllogistic Inference (Anumāna) 97
c. Yukti as an ‘instrument’ 99
d. The Two Kinds of Reasoning
   (1) The importance of śrutyanugṛhīta-tarka 101
e. The Three-Fold Methodology 102

2. Advaita Vedāntic Rationality and Economic Maximization 104
   a. Nature of Economic Maximization 104
   b. Nature of Dharma in the Context of Economic Maximization 106
      (1) Dharma of Action and Dharma of Renunciation 107
      (2) Dharma as a non-perceptible instrument involving action 107
      (3) Nature of Brahman in the context of Economic Maximization 109

3. Advaita Vedāntic Rationality and Morality 112
   a. Moral Values enjoined in the Śruti 113
   b. Moral Values in Sādhāraṇa - dharma 114
c. Moral Values in Varna-dharma 115
d. Moral Values in Āśrama-dharma 115

B. Advaita Vedāntic Ethics in the Context of Economics Ethics 118
1. Mokṣa (Brahman-realization) is the Supreme Good. 120
2. The Ethical Good. 121
   a. Knowledge (Jñāna) - The Proximate means to Liberation (Mokṣa) 122
   b. Denouncing Action (Karma) as a Direct means to Mokṣa 123
c. Action as an Indirect means to Mokṣa 124
   (1) Two Methods of Performing an Action 125
      (a) Actions performed with the desire for its result 125
      (b) Actions performed without the desire for its reward. 127
   (2) Karma-Yoga consisting of Sva-dharma and Phalatyāga 128
d. Action Performed as Karmayoga are ethically good actions. 129
e. The Purification of the Mind (Sattva suddhi) 130

3. Advaita Vedāntic Ethics and the Naturalistic Fallacy 131
   a. Dharma (good) and Kāma (pleasure) of the Purusārtha scheme 132
      (1) Dharma as good 132
      (2) Kāma as pleasure 133
      (3) The Good (Dharma) regulates the Pleasure (Kāma) 134
   b. Śreyas (Good) and Preyas (Pleasure) in the Upanisads 135

4. Advaita Vedāntic Ethics and the Maximizing Consequentistic Position 136
a. Understanding Citta śuddhi or Sattva śuddhi
b. Emphasis on the 'intention' behind an action

CHAPTER V
CONCLUSION

A. A Synthesis and its Implications
1. A Synthesis on the Perception of Ethics
   a. Implications of the Synthesis
2. A Synthesis on the Perception of Rationality
   a. Implications of the Synthesis
3. A Synthesis on the Perception of Man
   a. Implications of the Synthesis
4. A Synthesis on the Perception regarding the Approach to Conventional Economics
   a. Implications of the Synthesis

B. Extension of the Horizon of the Concept of Economic Man
   1. Maximization Principle
   2. The Relationship between Rationality and Maximization
   3. The Relationship between Economic Man and Rationality
   4. A Tabular Representation
