ACKNOWLEDGEMENT

I take pleasure in expressing my sincere thanks and deep sense of gratitude to my research supervisor Dr. P.L. Sharma, Professor & Head, Department of Mathematics and Statistics, University of Saugar, for his valuable guidance, constructive suggestions, fair comments and true criticisms throughout my study and whose unfailing encouragement transcends all attempts at evaluation.

The present thesis consists of eight chapters. Chapter IV is published in journal of scientific research. The main content of Chapter V, VI are also accepted for publication in journal of scientific research and other Chapters have been communicated for publication also. Some papers are accepted for publication in Madhya Bharti.

I am deeply indebted to my parents for their constant inspiration and encouragement during my study.

I should be failing in my duties, if I forget to mention my thanks to both the brothers Mr. B.S. Verma and D.S. Verma, Fairdeal Typing Institute, Civil Lines, who have taken pains in doing the tedious job of typing this mathematical manuscript.
