ACKNOWLEDGMENT

I am greatly indebted to my guide Dr. Y. K. Agrawal, Nirma university of science and tech. Ahmedabad, to whom this work is dedicated. Mere words cannot express my gratitude to him. His knowledge has always been a streak of light helping me come out of darkness during my research work.

I acknowledge all the members of M. G. Science Institute for their co-operation.

I express my sincere thanks to Dr. Ayeshaben Rafique, Microbiology Dept., M. G. Science Institute for the pharmacological screening. I am also thankful to TAACF, Southern Research Institute for Antitubercular screening and Du-Pont India Pvt. Ltd. USA. for pesticidal activities.

Special thanks to RSIC Chandigarh and Lucknow for providing NMR and MASS spectral data. I am also thankful to Dishman Pharmaceuticals

Sincere thanks to my colleagues Dr. Manish Shukla, Dr. Nirmal Desai, Dr. Rina Shah, Ms. Cicily Augustine, Mr. Hetal Shah, Mr. Killol Patel, Mr. Dhaval Shah, Mr. Hardik Joshipura, Ms. Neha Thaker, Ms. Niti Shah and Mr. Abhay Mehta.

Very Special thanks to my parents and family members for showing their patience and encouragement in fulfilling my life’s desire.

Last but not the least, heartiest thanks to my dear husband for all the pains taken to complete this work, without him this would have been an impossible task for me.
