</tbody>
</table>
4.5 Crop wise contribution
4.6 Drip System: District wise distribution
various crops of agriculture and horticulture in the state of Gujarat
4.7 Sprinkler System: District wise and Crop wise
distribution in the state of Gujarat
4.8 Subsidy distributed in Gujarat from
4.9 Pattern of subsidy available in drip irrigation
in Gujarat (Old Scheme)
4.10 Crop wise area possibility for adoption of MIS in
Gujarat
4.11 Relative Tolerance of crops to Salinity
4.12 Relative Tolerance of crops to Alkaline soils
4.13 Crops grown under hydroponics system
4.14 Percentage reduction in crop varieties under
Seawater irrigation
4.15 Nutritive value of Bajra and Wheat Growth
with Seawater
5.1 Frequency distribution of micro irrigation
schemes (MIS) adopters by size of farms in
the three districts of North Gujarat
5.2 Evaluation of Micro Irrigation Schemes (MIS)
implemented in the three districts of North
Gujarat
6.0 Back ground information for the selected villages
in the three districts of North Gujarat
6.1 Percentage distribution of Area under different
crops in the selected districts and talukas year
6.2 District wise percentage distribution of MIS
6.3 Level of Education amongst sample
farmers (Adopters) in the three districts
of Gujarat state
6.4 Number of Sample farmers in a Co-operative
Credit Society in three districts of Gujarat state
6.5 Communication facility availed by the sample farmers
in three districts of Gujarat state
6.6(A) Time-Lag between Awareness and Adoption of MIS by sample farmers in the three districts of Gujarat state 183
6.6(B) MIS adoption experience in years in the three districts of Gujarat state 184
6.7 Percentage distribution of the MIS adopters according to their attitude towards MIS adoption business 185
6.8 Number of Sample Farmers owning MIS sets according to size of holding in the three districts of Gujarat state 187
6.9 Percentage of sample (MIS) adopter farmers owning various assets in three districts of North Gujarat 190
6.10 Income status of sample farmers in the three districts of North Gujarat 192
6.11 Season wise Area under Major crops for sample farmers in the three districts of the Gujarat state 194
6.12 District wise cropping intensity of the sample farmers in the three districts of North Gujarat 196
6.13 Productivity levels of various crops in the three districts sample farmers 199
6.14 Irrigation pattern in three districts during the year (2004 – 2005) 201
6.15 Details of Net Area Sown and Unirrigated Area by sample farmers of three districts in North Gujarat 203
6.16 Source of irrigation for the sample farmers in the three districts of North Gujarat 207
7.1 Crop Wise and District Wise Cost of Cultivation of different methods of Irrigation in the state of Gujarat 218 to 230
7.2 Per Hectar Total Input Expenditure in Rs. (2004 – 2005) 211
7.3 Gross Income per Hectar in Rupees (2004 – 2005) 212
7.4 Net Income per Hectar in Rupees (2004 – 2005) 213
7.6 District wise and crop wise Net Income per hectar for MIS Irrigated and Furrow system Irrigated Area during (2004-2005) 216
7.7 Comparison of different Parameters in three districts of...
8.1 Crop Wise and District Wise Water Saving in Percentage in different Parameters in the three Districts of North Gujarat 254
8.2 District Wise Cropping Intensity of the Sample Farmers in the three Districts of North Gujarat 256
8.2-A Area under Irrigation before and after MIS sets installation by the sample farmers in three Districts of North Gujarat 258
8.3 Crop Wise and District Wise Cost in Fertilizer Saving in different Parameter in the three Districts of North Gujarat 261
8.4 Crop Wise and District Wise Saving in Plant protection Cost in different Parameters in the three Districts of North Gujarat 263
8.5 Crop Wise and District Wise saving in Weed Control Expenditure in different Parameters in the three Districts of North Gujarat 265
8.6 Productivity levels of various crops in the three Districts sample farmers 267
8.7 Crop Wise benefit cost ratio sample farmers in three Districts of North Gujarat 269
8.8 Drip System 271
8.9 Farmers opinion on the benefits of Drip and Sprinkler Irrigation System (MIS) in the three Districts of North Gujarat 273
9.1 Composition of Assets among sample house hold in three Districts 275
9.2 Sources OF Income and among sample house in three Districts 278
10.1 Strategies prioritised according to Agro Climatic Regions in the state of Gujarat 290

Annexure: E

T-1 District Wise summary of ground water resources (2002)
T-2 Ground Water potential of Banaskantha District (2002)
T-3 Ground Water Potential of Mehsana District (2002)
T-4 Ground Water Potential of Patan District (2002)
T-5 District Wise summary of Irrigation Potential (2002)
T-6 Irrigation Potential of Banaskantha District (2002)
T-7 Irrigation Potential of Mehsana District (2002)
T-9 Over exploited, Critical, Semicritical and Saline Talukas in the state of Gujarat (2002)
