ACKNOWLEDGEMENT

It is hardly possible to make due acknowledgement to all for the varied assistance received in this work.

My heart-felt thanks to Prof. G.F. Kuder whose pioneer work in interest and especially, Kuder Preference Record - Vocational was the very foundation of this research study. Hat off to him.

My grateful thanks are due to my guide Dr. J.H. Shah, Former Professor and Head, Department of Education, Gujarat University, Ahmedabad who was a perennial source of inspiration and guidance but for which the present investigation could not have seen the light of the day.

I am thankful to Dr. R.S. Patel, a lecturer in Prakash College of Education, Ahmedabad, for assisting me in my work whenever the need arose.

I am highly indebted to all the Heads of Schools, the staff and the pupils who gave me a lot of support and cooperation in the process of conducting testing and in collecting the data required.

Lastly, I am highly grateful to my spouse, Mr. H.L. Patel and express my heartfelt gratitude to him for his eveready kind cooperation and personal care throughout the investigation.

Ahmedabad.
