ACKNOWLEDGEMENT

At the outset, with deep sense of faith, I thank the Almighty, the source of knowledge and life, for His bountiful grace, blessings and inspiration throughout my endeavour. Without God, this milestone in my life would have been impossible.

I record my deepest sense of gratitude to my research guide, Dr. Indira Nityanandam, Principal, Smt.S. R. Mehta Arts College, Ahmedabad, for her invaluable intellectual guidance and encouragement during the course of my research. I also owe my gratefulness to her for her affectionate care, blessings and loads of patience, without which I would not have been initiated into research. Her meticulous and pain-staking perusal of the study, eye for detail, her untiring support, and readiness to spare her valuable time to guide me contributed in a large measure towards the successful completion of my study.

I owe a great deal to my parents Shri P. K. Ravindran Nair and Smt. Sarojini Nair, for whom no words of gratitude would suffice, as they have constantly encouraged me, blessed me, and prayed for the successful completion of my study. I also thank my maternal grandmother for her prayers and blessings which kept my dreams alive for so long. My sister, my parents-in-law, my nephew Saurav and the little angels of my family Soumya and Devika also deserve my appreciation for their unconditional love and affection.

I would like to place on record my sincere appreciation for Navgujarat Parivaar Members – our Managing Trustee, Shri Mukesh Shah, librarian Shri Suresh Shah. my departmental colleagues Dr. Ketan Gedia & Prof. Manish Bhatt and all my colleagues who supported me and motivated me throughout.

Finally, I would like to thank them, who bore the brunt the most – my husband Satish and son Sajit for putting up with me and providing me with moral support, love and care alongwith the necessary technical assistance whenever I bungled with the computer.
