Acknowledgement

God is always with us, above us to bless us, below us to support us, before us to guide us, behind us to protect us, besides us to comfort us and inside us to sustain us.

I bow down with reverence and my heartfelt thanks to my parents and my fiancée Roshni who always provided me the moral support. They provided me the actual driving force that enabled me to reach this stage today. Parents are always a perpetual source of inspiration and encouragement. No words can ever express what their constant undemanding love, sacrifice, dedication and prayers have done to help me achieve whatever I am today.

Every event, small or big in nature, is in itself a creation. As one flower makes no garland, research is a continuous process undertaken by an individual or a team of persons probing into the never-ending, newer avenues of science. This research work would not have reaped as fruit without the blessing of the almighty God, my parents, my teachers and whole-hearted encouragement and live involvement of friends, family and well-wishers. Thanking to all them individually would make the task difficult, although I must make special thanks to some of the personalities.

With a feeling of profound pleasure I can say that the credit of this work goes to a giant personality in himself, who has brought about a "better me" in my self, my guide Dr. Mukesh C. Gohel, M. Pharm, Ph. D., Principal, Professor and Head of the Department of Pharmaceutics and Pharmaceutical Technology, L. M. College of Pharmacy. I would like to thank Gohel sir for his erudite guidance, overwhelming enthusiasm, untiring cooperativeness, constant encouragement, critical remarks, precise discussions, timely suggestions and the nourishment of knowledge he conferred upon me. I adore him as a person and look upon him as my ideal. He constantly motivated me to step towards success, without being dissipated by frolics and failures.
I owe a special word of thanks to my teachers Dr. R. K. Parikh, Ph. D., Research guide, Department of Pharmaceutics and Pharmaceutical Technology, L.M. College of Pharmacy, Mr. H. B. Nanavati and Mrs. B. A. Desai, senior faculty members, Department of Pharmaceutics and Pharmaceutical Technology, L. M. College of Pharmacy for taking keen interest in my work and providing valuable support. My hearty thanks go to them for sparing their valuable time and guidance.

My optimistic thanks to Miss Bakula Shah, Head of the Department of Pharmacognosy, L. M. College of Pharmacy for providing me necessary facilities during my project work. I can’t forget her precious help during my project work.

With great pleasure I would like to thank Mr. D. D. Bhalara, M. Pharm, Lecturer, Department of pharmaceutical chemistry, for his timely help, moral support and useful guidance which helped me to achieve my target.

I would like to express my cordial thanks to Dr. M. T. Chhabaria, Dr. S. A. Shah, Mr. I. S. Rathod and Dr. B. N. Suhagia, for their precious gift of knowledge.

I am thankful to Dr. Rajubhai, Mr. Pankajbhai, Sanjaybhai, Ashwinbhai, Bharatbhai and chiragbhai for their kind cooperation.

Friendship is a treasured gift and true friends are very few. I express my deep sense of gratitude to my best friends Pinal, Ajay, Chetan, Uma, and Kartik. They have supported me during tough periods, cared when I was depressed, listened me during my ups and downs.
I would like to put on record vital support provided by Chirag, Mehul, Sanjay, yogesh, Ketan, Riddham, Abhishek, Surendra, Vishal, Vandit, Tejas, Bhargavi and Dolly.

I thank my seniors and great friends Manish Umrethia, Nilesh Pandya, Vijay Sutariya, Vijay Parmar and Haresh Patel for their generous cooperation and sharing all the moments of joy.

I can’t forget all my batch mate and friends Renish, Baxis, Dhaivat, Neelima, Vinita, Jasmin, Jagruti, Rupal, Vaishali, Balakumar, Kaushal, Bhavin, Usha, Dipti, Mushtaqim, Paulomi and Bhoomika.

I am thankful to Stavan Nagori and Mahesh Dabhi.

I can’t forget my sweet memories of time with my teachers at Bhavnagar diploma college (Shantilal Shah Pharmacy College) Mr. S. S. Trivedi, Mr. Lumbhani and Mr. Himal.

Words are an inadequate medium to express my deep sense of gratitude to my brothers and sisters like Mayuri, Kirti, Heena, Rita, Kamlesh, Kiran, Hitesh, Guarang, Jagruti, Jaini and Hardik.
