# CONTENTS

1. **Volatile oils - a general review**  
   Source of fruits  
   1
2. **Chemical races - a general introduction**  
   9
3. **Family Umbelliferae - an introduction**  
   15
4. **Fennel - an introduction**  
   17
5. **Ooty fennel - experimental**  
   Source of fruits  
   23
   Cultivation and plant habitat  
   23
   Morphological characters of fruits  
   24
   Microscopical characters of fruits  
   27
   Extraction of volatile oil  
   29
   Physicochemical properties of oil  
   29
   Chemical composition of oil  
   30
   Testing of cultivated herbs  
   38
   General discussion  
   38
   Summary  
   39
6. **Dill - an introduction**  
   40
7. **Ghoda, Vizag and Variyali sowa - experimental**  
   Sources of fruits  
   47
   Morphological characters of fruits  
   49
   Microscopical characters of fruits  
   49
   Cultivation and plant habitat  
   56
   Morphological features of herbs  
   58
   Extraction of volatile oils  
   59
   Physicochemical properties of oils  
   59
   Chemical composition of oils  
   60
   Flavonoids of sowa fruits  
   67
   Testing the market preparations containing oils  
   70
   Preliminary pharmacology of oils and dillapiole
