ACKNOWLEDGEMENT

It gives me immense pleasure to place on record my profound gratitude to my esteemed guide and mentor Dr. (Miss) B.M. Trivedi whose expertise is reflected in this thesis.

I thank Prof. G.M. Chauhan for his keen interest and informed direction through the course of this investigation. My thanks are also due to Dr. Nukesh Patel, Cadilla Laboratories for his continued assistance and to Dr. U.I. Bhatt for valuable suggestions.

The assistance rendered by Dr. Venkatesh and Dr. Dweltz, ATIRA, is greatly acknowledged. My special thanks are due to Messrs N.V. Sheth, Hasmukh Patel and Dinesh Vithlani.

I am indebted to all my friends and colleagues for their kind cooperation, their sheer number proscribes me from naming them individually.
