Acknowledgements

I owe a debt of deep gratitude to my Thesis Supervisor, Prof. V.B. Gohel, a genius and most talented theoretical physicist. I am very much fortunate to have worked with a person like him who is having oceanic depth of scientific knowledge and magnificent understanding in all walks of life.

I do remember the benedictions of my most worshipful Gurudev, Swami Shri Adhyatmanandaji Maharaj before starting my Ph.D. work; his graceful protection, ironic determination and ocean-deep regards and love have played a key role. Swami Shri Adhyatmanandaji is a great saint and KOHINOOR of Shri Shri Shri Swami Chidanandaji Maharaj. I do feel his divine presence during each and every moment throughout the work.

The affection and encouragement showered by Dr. P.R. Vyas (a genuine devotee of Physics and a person who feels immense joy by offering varieties of delicious Nasta/Garmagaram Nasta surrounding him) of C.U. Shah Science College and Dr. T.C. Pandya, Head of the Physics Department, St. Xavier’s College, are the assets which I will carry throughout my life. They have not only shaped up the academic life but also influenced me substantially to evolve as a person. Their dedication and sincerity cannot be put in words.

I am greatly indebted to my Principal, Dr. K.B. Soni, and Prof. V.K. Acharya, Head of the Physics Department, R.G. Shah Science College, for their very, very cooperative approach. Without their immense interest and inspiration, this study would not have taken its present shape.
My cousins Nainesh Pandya and Hitanshu Vora, Prof. A.P. Patel of St. Xavier's College, Dr. Saryay Madan of M.G. Science Institute and Shri Bharatbhai Thakkur deserve special mentions for their valuable technical help related to computers during the course work.

I wish to give my special thanks to my dear friends M/s. V.A. Rana, D.H. Gadani, Jaimin Shah, Hitesh Pandya, M.K. Dave, K.M. Chauhan and J.C. Kaku, for helping me in various ways during the course work. It is worth to mention the names of Smt. Maltiben and Smt. Rupaben Majmudar for their invaluable and selfless service throughout the work.

I am extremely grateful to Prof. A.R. Janu, Head, Department of Physics, Sardar Patel University, for his constant encouragement and support for higher studies since last fifteen years. It is impossible to express my thanks in words.

I am very much grateful to Drs. P.N. Gajjar and B.Y. Thakore, Sardar Patel University, for their help in various ways.

I profusely thank to all colleagues of the Physics Department of my College for their cooperation and help during the entire course work.

I am very much thankful to all the faculty members of the Physics Department of Gujarat University. I extend my sincere thanks to them. It is a pleasure to acknowledge Mr. Kiritbhai for his quality of work and everyready nature throughout the course work. I am also thankful to M/s. G.G. Mehta and Gopalbhai, Sudhaben Patel and Paraben Pandya for helping me in administrative matters. I also thank M/s. Bachubhai (who is always
ready to serve a delicious cup of tea). Vithalbhai, Shivubhai, Harishbhai and Bharatbhai, for their prompt services and cooperation.

I am thankful to M/s. Kedarbhai, Davebhai and all faculty members of the Rollwalla Computer Centre for their valuable help in the research work. I am also very much grateful to Smt. Pragnaben Pathak, Librarian of the Institute of Plasma Research, all the staff members of the PRL Library and all the staff members of the Gujarat University Library, for providing me an excellent library facility.

Last but not the least, no words are available in the dictionary to express my sincere gratitude to my parents, my beloved Bhaiya Dr. H.V. Pandya and Matruswaroop Parignabhabhi for their very keen interest in my higher academic achievements and their care, understanding and whole-hearted encouragement through all these years. It is a pleasure to remember my uncle Haritkaka who always feel proud for my higher studies. I must mention my beloved nephew. little Parthesh. who always kept me cheerful.

Finally I must very sincerely thank to Mr. V.T. Viswanathan. for his sincere and painstaking efforts and zeal for preparing this thesis.

I also thank to all my well wishers for making me complete this work successfully.

C.V. Pandya
