ACKNOWLEDGMENTS

I express my gratitude to Professor K.R. Ramanathan, Director of the Physical Research Laboratory for his kind guidance and encouragement in the work.

I thank my colleague Dr. R.V. Bhojwani for his help in the initial stages of building the airglow equipment. I am thankful to M/s. S.M. Bhat and V.C. Manurkar for their kind assistance in the all-sky-survey observations of airglow at Mt. Abu and to M/s. S.K. Alurkar and Y.R. Waghmare for their help in photographic work.

Thanks are due to the Indian Council of Scientific and Industrial Research, and the Ministry of Education, Government of India for financial support.

References to other workers have been made at appropriate places.
