ACKNOWLEDGEMENT

I express my deep and sincere gratitude to my supervisor Dr. A.M. Natarajan, Professor, Dept. of ECE, Bannari Amman Institute of Technology, Sathyamangalam, for supervising my research work with great zeal. I gratefully acknowledge his motivation, perseverance, perfection, patience and kindness towards my research work.

I thank the founders and management of Kongu Vellalar Institute of Technology Trust and Kongu Engineering College for creating an ambience of higher learning and permitting me to carry out the research work.

I owe a lot to the Doctoral Committee Members Dr. S.N. Sivanandam, Professor, PSG College of Technology and Dr. N. Yadaiah, Professor, Jawaharlal Nehru Technological University. Their timely suggestions, advice and technical inputs have helped me to proceed in the research work.

My profound thanks are due to my mentor, Dr. A.S. Kandasamy, Professor, Kongu Engineering College for providing a great deal of practical knowledge and clarifications in electrical systems in general and harmonics in particular and Prof. A. Senthilkumar, Kongu Engineering College for useful discussions at many a times.

I thank all my teachers for sharing their wisdom to shape me into what I am today. I thank my colleagues and friends for their timely help. My special thanks are to my family members for sparing a significant amount of time which otherwise would belong to them. Their understanding and affection helped me to spend more time and effort on the research.

K.R. VALLUVAN
