 PART I

 Studies on Equatorial Sporadic E

 Chapter

 I. Introduction. 1

 II. Study of Sudden Disappearance of Equatorial E . 22

 III. Estimation of the Electric Field and Electron Velocity at E-region levels. 37

 IV. Comparison of the Observational Results with Theories of Equatorial Sporadic E. 73

 References. 101

 PART II

 Studies on Equatorial F region

 Chapter

 I. Introduction. 106

 II. Effects of E region Electric Field on F region parameters. 113

 III. Study of Nighttime F region vertical velocities from N-h Profiles. 26

 References. 46
