5.11 Showing the very significant, significant and less significant problems in the area of 'community related problems'

5.12 Showing the very significant, significant and less significant problems in the area of 'personal problems'

5.13 Showing the very significant, significant and less significant problems in the area of 'programme related problems'

5.14 Distribution of very significant, significant and less significant problems areawise as indicated by the tables 5.06 to 5.13

5.15 Showing the very significant, significant and less significant problems in the case of male dropouts

5.16 Distribution of very significant, significant and less significant problems as problems areawise indicated by the table 5.15.

5.17 Showing the very significant, significant and less significant problems in the case of female dropouts

5.18 Distribution of very significant, significant and less significant problems as problems areawise indicated by the table 5.17.

5.19 Showing the very significant, significant and less significant problems in the case of 'previous schooling' dropouts.

5.20 Showing the very significant, significant and less significant problems as problems areawise indicated by the previous schooling dropouts.

5.21 Showing the very significant, significant and less significant problems in the case of 'no schooling' dropouts.

5.22 Showing the very significant, significant and less significant problems as problems areawise indicated by the no schooling dropouts.
5.23 Showing the very significant, significant and less significant problems in the case of 'married' dropouts.

5.24 Distribution of very significant, significant and less significant problems as problems areawise indicated by married dropouts.

5.25 Showing the very significant, significant and less significant problems in the case of 'unmarried' dropouts.

5.26 Distribution of very significant, significant and less significant problems as problems areawise indicated by un-married dropouts.

5.27 Showing the very significant, significant and less significant problems in the case of 20 years and below age group dropouts.

5.28 Showing the very significant, significant and less significant problems as problems areawise indicated by 20 years and below age group dropouts.

5.29 Showing the very significant, significant and less significant problems in the case of 21-35 years age group dropouts.

5.30 Distribution of very significant, significant and less significant problems as problems areawise indicated by 21-35 years age group dropouts.

5.31 Showing the very significant, significant and less significant problems in the case of 36 years and above age group dropouts.

5.32 Showing the very significant, significant and less significant problems as problems areawise indicated by 36 years above age group dropouts.

5.33 Showing the very significant, significant and less significant problems in the case of SC/ST caste group dropouts.
5.34 Distribution of very significant, significant and less significant problems as problems areawise indicated by SC/ST caste group dropouts.

5.35 Showing the very significant, significant and less significant problems in the case of BC caste group dropouts.

5.36 Distribution of very significant, significant and less significant problems as problems areawise indicated by BC caste group dropouts.

5.37 Showing the very significant, significant and less significant problems in the case of other caste group dropouts.

5.38 Showing the very significant, significant and less significant problems as problems areawise indicated by other caste group dropouts.

5.39 Showing the very significant, significant and less significant problems in the case of Agriculture group dropouts.

5.40 Distribution of very significant, significant and less significant problems as problems areawise indicated by agriculture group dropouts.

5.41 Showing the very significant, significant and less significant problems in the case of labour group dropouts.

5.42 Showing the very significant, significant and less significant problems as problems areawise indicated by labour group dropout.

5.43 Showing the very significant, significant and less significant problems in the case of other group dropouts.

5.44 Distribution of very significant, significant and less significant problems as problems areawise indicated other group dropouts.
5.45 Showing the very significant, significant and less significant problems in the case of Rs. 20,000 and below income group dropouts.

5.46 Distribution of very significant, significant and less significant problems as problems area-wise indicated by Rs. 20,000 and below income group dropouts.

5.47 Showing the very significant, significant and less significant problems in the case of Rs. 21-30 thousands income group dropouts.

5.48 Distribution of very significant, significant and less significant problems as problems area-wise indicated by Rs. 21-30 thousands income group dropouts.

5.49 Showing the very significant, significant and less significant problems in the case of Rs. 31 thousands and above income group dropouts.

5.50 Showing the very significant, significant and less significant problems as problems area-wise indicated by Rs. 31 thousands and above income group dropouts.

5.51 Showing the very significant, significant and less significant problems in the case of dropouts with 1-2 months attendance in the centre.

5.52 Distribution of very significant, significant and less significant problems as problems area-wise indicated by 1-2 months attendance in centre.

5.53 Showing the very significant, significant and less significant problems in the case of dropouts with 2-4 months attendance in the centre dropouts.
5.54 Distribution of very significant, significant and less significant problems as problems are wise indicated by dropouts with 2-4 months attendance in centre.

5.55 Showing the very significant, significant and less significant problems in the case of dropouts with 4-6 months attendance in the centre.

5.56 Distribution of very significant, significant and less significant problems as problems are wise indicated by dropouts with 4-6 months attendance group in centre.

5.57 Showing the rank order of the groups which experienced the very significant problems.

5.58 Showing the rank order of the very significant problems felt by the groups of dropouts.

5.59 Showing no difference in the effect of problems between male and female dropouts.

5.60 Showing the problems on which the effect experienced by males is higher than the females.

5.61 Showing the problems on which the effect experienced by females is higher than the males.

5.62 Showing no difference in the effect of problems between ‘no schooling’ and ‘previous schooling’ dropouts.

5.63 Showing the problems on which the effect experienced by ‘previous schooling’ dropouts is more than the ‘no schooling’ dropouts.

5.64 Showing the problems on which there is no difference in the effect of problems between married and unmarried dropouts.
5.65 Showing the problems on which the effect experienced by married dropouts is higher than the un-married dropouts.

5.66 Showing the problems on which the effect experienced by un-married dropouts is higher than the married dropouts.

5.67 Showing the problems on which differential effects exist among dropouts of different age groups.

5.68 Showing the problems on which there is no difference in the effect of problems among dropouts of different caste groups.

5.69 Showing the problems on which differential effects exist among dropouts of different caste groups.

5.70 Showing the problems on which there is no difference in the effects of problems among dropouts of different occupation groups.

5.71 Showing the problems on which differential effect exist among dropouts of different occupation groups.

5.72 Showing the problems on which there is no difference in effect of problems among dropouts of different income groups.

5.73 Showing the problems on which differential effect exist among dropouts of different income groups.

5.74 Showing the problems on which there is no difference in the effect of problems among dropouts of different attendance groups.

5.75 Showing the problems on which differential effect exist among dropouts of different attendance groups.

5.76 Showing Mean, SD and 't' value of the economic problems of male and female dropouts.
Showing Mean, SD and 't' value of the economic problems of dropouts who have 'previous schooling' and 'no schooling'.

Showing Mean, SD and 't' value of the economic problems of married and un-married dropouts.

Showing Mean, SD and 't' value of the economic problems of 20 years and below, 21-35 years and 36 years and above age group dropouts.

Showing Mean, SD and 't' value of the economic problems of 20 years and below, 21-35 years age group dropouts.

Showing Mean, SD and 't' value of the economic problems of 21-35 years and 36 years and above age group dropouts.

Showing Mean, SD and 't' value of the economic problems of 20 years and below and 36 years and above age group dropouts.

Showing Mean, SD and 'F' value of the economic problems of dropouts belonging to different castes SC/ST, BC and OC's.

Showing Mean, SD and 'F' value of the economic problems of dropouts belonging to different occupations.

Showing Mean, SD and 'F' value of the economic problems of dropouts belonging to different income groups.

Showing Mean, SD and 'F' value of the economic problems of dropouts who left the centres after putting in different periods of attendance.

Showing Mean, SD and 't' value of the social problems of Male and Female dropouts.

Showing Mean, SD and 't' value of the social problems of dropouts who have 'previous schooling' and 'no schooling'.

Showing Mean, SD and 't' value of the social problems of dropouts who have 'previous schooling' and 'no schooling'.
5.89 Showing Mean, SD and 't' value of the social problems of married and un-married dropouts.

5.90 Showing Mean, SD and 'F' value of the social problems of 20 years and below, 21-35 years and 36 years and above age group dropouts.

5.91 Showing Mean, SD and 'F' value of the social problems of dropouts belonging to different castes - SC/ST, BC and OC's.

5.92 Showing Mean, SD and 'F' value of the social problems of dropouts belonging to different occupation.

5.93 Showing Mean, SD and 't' value of the social problems of 'agriculture' and 'labour' dropouts.

5.94 Showing Mean, SD and 't' value of the social problems of 'labour' and 'others' dropouts.

5.95 Showing Mean, SD and 't' value of social problems of 'agriculture' and 'other' occupation groups dropouts.

5.96 Showing Mean, SD and 'F' value of social problems of dropouts belonging to different income groups.

5.97 Showing Mean, SD and 'F' value of social problems of dropouts who left the centres after putting in different periods of attendance.

5.98 Showing Mean, SD and 't' value of psychological problems of male and female dropouts.

5.99 Showing Mean, SD and 't' value of psychological problems of who have previous schooling and no schooling dropouts.

5.100 Showing Mean, SD and 't' value of psychological problems of married and un-married dropouts.
5.101 Showing Mean, SD and 'F' value of psychological problems of dropouts belonging to different age groups.

5.102 Showing Mean, SD and 't' value of psychological problems of 20 years and below, 21-35 years age group dropouts.

5.103 Showing Mean, SD and 't' value of psychological problems of 20 years and below, 36 years and above age group dropouts.

5.104 Showing Mean, SD and 't' value of psychological problems of 21 - 35 years and 36 years and above age group dropouts.

5.105 Showing Mean, SD and 'F' value of psychological problems of dropouts belonging to different castes SC/ST, BC and OC's.

5.106 Showing Mean, SD and 'F' value of psychological problems of dropouts belonging to different Occupations.

5.107 Showing Mean, SD and 't' value of psychological problems of dropouts belonging to 'agriculture' and labour.

5.108 Showing Mean, SD and 't' value of psychological problems of dropouts belonging to 'agriculture' and others.

5.109 Showing Mean, SD and 't' value of psychological problems of dropouts belonging to 'labour' and others.

5.110 Showing Mean, SD and 'F' value of psychological problems of dropouts belonging to different income groups.

5.111 Showing Mean, SD and 'F' value of psychological problems of dropouts who left the centres after putting in different periods of attendance.

5.112 Showing Mean, SD and 't' value of the familial problems of male and female dropouts.
5.113 Showing Mean, SD and 't' value of the familial problems of dropouts 'previous schooling' and 'no schooling'.

5.114 Showing Mean, SD and 't' value of the familial problems of married and un-married dropouts.

5.115 Showing Mean, SD and 'F' value of the familial problems of dropouts belonging to different age groups.

5.116 Showing Mean, SD and 't' value of the familial problems of 20 years and below, and 21-35 years age group dropouts.

5.117 Showing Mean, SD and 't' value of the familial problems of 20 years and below and 36 years and above age group dropouts.

5.118 Showing Mean, SD and 't' value of the familial problems of 21-35 years and 36 years and above age group dropouts.

5.119 Showing Mean, SD and 'F' value of the familial problems of dropouts belonging to different castes.

5.120 Showing Mean, SD and 'F' value of the familial problems of dropouts belonging to different occupations.

5.121 Showing Mean, SD and 'F' value of the familial problems of dropouts belonging to different income groups.

5.122 Showing Mean, SD and 'F' value of the familial problems of dropouts who left the centres after putting in different periods of attendance.

5.123 Showing Mean, SD and 't' value of the instructor related problems of male and female dropouts.

5.124 Showing Mean, SD and 't' value of the instructor related problems of dropouts in 'previous schooling' and 'no schooling'.
5.125  Showing Mean, SD and 't' value of the instructor related problems of married and un-married dropouts.

5.126  Showing Mean, SD and 'F' value of the instructor related problems of dropouts belonging to different age groups of 20 years and below, 21-35 years, and 36 years and above.

5.127  Showing Mean, SD and 'F' value of the instructor related problems of dropouts belonging to different castes.

5.128  Showing Mean, SD and 'F' value of the instructor related problems of dropouts belonging to different occupations.

5.129  Showing Mean, SD and 'F' value of the instructor related problems of dropouts belonging to different income groups.

5.130  Showing Mean, SD and 'F' value of the instructor related problems of dropouts who left the centres after putting in different periods of attendance.

5.131  Showing Mean, SD and 't' value of the community related problems of male and female dropouts.

5.132  Showing Mean, SD and 't' value of the community related problems of dropouts in 'previous schooling' and 'no schooling'.

5.133  Showing Mean, SD and 't' value of the community related problems of 'married' and 'un-married' dropouts.

5.134  Showing Mean, SD and 'F' value of the community related problems of dropouts belonging to different age groups.

5.135  Showing Mean, SD and 'F' value of the community related problems of dropouts belonging to different castes.

5.136  Showing Mean, SD and 'F' value of the community related problems of dropouts belonging to different occupations.

5.137  Showing Mean, SD and 'F' value of the community related problems of dropouts belonging to different age groups.
5.138 Showing Mean, SD and ‘F’ value of the community related problems of dropouts belonging to different income groups.

5.139 Showing Mean, SD and ‘F’ value of the community related problems of dropouts who left the centres after putting in different periods of attendance.

5.140 Showing Mean, SD and ‘t’ value of the personal problems of male and female dropouts.

5.141 Showing Mean, SD and ‘t’ value of the personal problems of dropouts in ‘previous schooling’ and no schooling.

5.142 Showing Mean, SD and ‘t’ value of the personal problems of married and un-married dropouts.

5.143 Showing Mean, SD and ‘F’ value of the personal problems of dropouts belonging to different age groups.

5.144 Showing Mean, SD and ‘F’ value of the personal problems of dropouts belonging to different castes.

5.145 Showing Mean, SD and ‘F’ value of the personal problems of dropouts belonging to different occupations.

5.146 Showing Mean, SD and ‘t’ value of the personal problems of dropouts belonging to ‘agriculture’ and ‘labour’.

5.147 Showing Mean, SD and ‘t’ value of the personal problems of dropouts belonging to ‘labour’ and ‘others’.

5.148 Showing Mean, SD and ‘t’ value of the personal problems of dropouts belonging to ‘agriculture’ and others.

5.149 Showing Mean, SD and ‘F’ value of the personal problems of dropouts belonging to different income groups.
5.150  Showing Mean, SD and 'F' value of the personal problems of dropouts who left the centres after putting in different periods of attendance.

5.151  Showing Mean, SD and 't' value of the programme related problems of male and female dropouts.

5.152  Showing Mean, SD and 't' value of the programme related problems of 'previous schooling' and 'no schooling' dropouts.

5.153  Showing Mean, SD and 't' value of the programme related problems of 'married' and 'un-married' dropouts.

5.154  Showing Mean, SD and 'F' value of the programme related problems of dropouts belonging to different age groups.

5.155  Showing Mean, SD and 'F' value of the programme related problems of dropouts belonging to different castes.

5.156  Showing Mean, SD and 'F' value of the programme related problems of dropouts belonging to different occupations.

5.157  Showing Mean, SD and 'F' value of the programme related problems of dropouts belonging to different income groups.

5.158  Showing Mean, SD and 'F' value of the programme related problems of dropouts who left the centres after putting in different periods of attendance.

5.159  Showing Mean, SD and 't' value of the programme related problems of dropouts who left the centres after putting in different periods of 1-2 and 2-4 months attendance.

5.160  Showing Mean, SD and 't' value of the programme related problems of dropouts who left the centres after putting in different periods of 2-4 and 4-6 months attendance.

5.161  Showing Mean, SD and 't' value of the programme related problems of dropouts who left the centres after putting in different periods of 1-2 and 4-6 months attendance.
