ACKNOWLEDGEMENT

I comprehend this god given opportunity to express gratitude thanks to the Almighty God for granting me the strength, courage and perseverance to complete this research work.

I would like to express my gratitude and appreciation to my research supervisor Dr. S. Chenthur Pandian, Principal, SNS College of Technology, Coimbatore-641035, for his sincere supervision and guided me to complete this research work. I sincerely thank him for his good guidance, invaluable suggestions, moral support and incessant encouragement to complete this research work.

I wish to express my thanks to Dr. V. K. Nelson, Prof and Head, Department of Mathematics, Government Engineering College, Salem and Dr. S. Ponnusamy, Prof and Head, Department of Mathematics, Sona College of Technology, Salem, the Doctoral Committee members for their continuous assessment and valuable suggestions throughout the research work.

I thank Dr. R. Surendran, Assistant Prof, Department of Physics, University College of Engineering, Tindivanam and Dr. K.R. Leelavathy, Assistant Prof, Department of Civil Engineering, University College of Engineering, Tindivanam for their timely help.

I cannot express my gratitude in words to my family members and my friends for their endurance, encouragement and support.

NIRMALA V
