ACKNOWLEDGEMENTS

First of all, I wish to convey my sincere thanks to my supervisor Prof. Bhavanath Jha for giving me an opportunity to pursue this work under his illuminating guidance. He has introduced me to this interesting scientific world and inculcated scientific temper in me. I am indebted to him for his dedicated spirit towards research, great support, unlimited encouragement, constructive suggestions and sorting out my difficulties throughout the research period which led me to complete my research work successfully. I find deficiency of words to express my gratitude for his educative supervision.

I am very thankful to Dr. P. K. Ghosh, Director, CSIR-CSMCRI, for providing infrastructure facilities during my thesis work.

My sincere thanks are due to Dr. (Mrs.) K. H. Mody and Dr. C. R. K. Reddy for their support and encouragement during the course of this study.

I express my heartfelt thanks to Dr. Avinash Mishra whose association with my research work, urge to solve difficult problems, invaluable help and consistent encouragement was very important for me in successful completion of my work. I would like to thank Dr. P. K. Agarwal for his helpful suggestions and constant support during my research period. I warmly thank Dr. Asish Parida and Dr. D.R. Chaudhary for their support and encouragement.

I am thankful to Dr. S.N. Rao, CSIR-CSMCRI Behrampur station and Dr. Jitendra Chikara, Discipline of Wasteland Research, CSIR-CSMCRI for providing Jatropha curcas CP9 seeds.

I would like to thank our staff members Mr. Vishal Gohel, Mr. Santlal Jaiswar, Mr. Manish Vasava and Ms. Afsana Makwa (ex-member) for help and assistance in research and administrative work. I am thankful to Mr. Hirendra R. Vyas, Mr. Yuvrajsinh Parmar, Mr. Manish Dave and Mrs. Geeta Pandey for their timely help in lab work.

I am grateful to my seniors Dr. Naterpal Singh, Dr. Natwar Singh, Mr. Sanjay Lal, Dr. (Mrs.) Anubha Sharma, Dr. (Mrs.) Iti Gontia, Dr. (Mrs.) Madhu Pareek, and Dr. (Mrs.) Anupama Jha for their help and support.

I would like to thank my friends, labmates and ex-labmates Amit Chataurvedi, Vivekanand Tiwari, Kumar Harshvardhan, Kapil Gupta, Dinkar Sinha, Ashish Dubey, Basit Yousuf, Pushpshheel Shukla, Ravindra Pal Singh, Adarsh Kishor Sharma, Amit Pareek, Rathish P., HariKishor CM, S. Boopathi, Manish Patel, Vijay Kumar Singh, Raaj Kumar, Kumari Kavita, Payal Sanadiyta, Puja Kumari, Annpurna Kumari, Rashmi Singhai, Sonika Pandey, Sweta Yadav and Pushpika Udawat for their supportive nature, positive attitude and making a friendly atmosphere for research work.
My special thanks are due to my friends-cum-colleagues Narendra Singh Yadav, Jitendra Keshri and Rakesh Jain who were with me in every good and difficult situation since my beginning in this institute. Spending a great time with them and their support will always be memorable for me.

Finally, I would like to express the deep gratitude to my parents Dr. Kamlesh Chandra Joshi and Santosh Joshi for their blessings, consistent encouragement, understanding and firm support throughout my life which made me believe in myself. Boundless love and motivation from my brother Mohit and sister Chitra gave me great support in my life. I remember the words of motivation from my Dadaji Late Mr. Veni Prashad Joshi and Nanaji Late Mr. Banshidhar Gorsia, whose blessings are always with me. Last but not the least; I deeply appreciate the support, blessings, affection and encouragement from my Dadiji Mrs. Mani Devi and all my relatives throughout these years. Thank god, you are always there and everywhere.

Financial assistance received from CSIR, Govt. of India is duly acknowledged.
