ACKNOWLEDGMENTS

All praises be to Lord God, the Cherisher and Sustainer of the universe, who bestowed upon me enough guidance and benevolence to carry out this work.

It is indeed a great pleasure to express my sincere and deep sense of gratitude to my Supervisor, Prof. K.G. Varshney, Chairman, Department of Applied Chemistry, A.M.U., Aligarh, for his excellent guidance, constant support and persistent interest throughout the course of this study. His sincerity, determination and exceptional abilities remained a constant source of encouragement to me.

I would like to thank all other faculty members for their cheerful cooperation and guidance. My all fellow-workers specially Dr. (Mrs.) Upma Gupta, Dr. Ram Niwas and Dr. (Ms.) Namrata Tayal are also thanked for their cooperation and friendly interactions.

I am highly thankful to the Director, Atomic Power Station, Narora; Director, Wadia Institute of Himalayan Geology, Dehradun; Director, Indian Institute of Petroleum, Dehradun; Director, Regional Sophisticated Instrumentation Centre, Nagpur; Director, Regional Sophisticated Instrumentation Centre, Chandigarh and Incharge, Instrumentation Centre, Indian Institute of Technology, Delhi for providing instrumental facilities and guidance. I am also grateful to the University Grants Commission, New Delhi and National Thermal...
Power Corporation, Noida for the financial assistance provided to me during these studies.

I take this opportunity to express my special gratitude to my friend, Dr. Ghulam-ud-din Sofi, for the moral support and encouragement he extended to me throughout this work. He stood by me at all difficult occasions and remained a source of strength for me at all distressing times.

I am indebted to my friends, Dr. Sheik Aijaz, Dr. Mohi-uddin Bhat, Mr. Javaid Ahmad Lone, Mr. Mir Mohi-uddin, Mr. Masood Ahmad Tang and Mr. Parvaiz Maqbool, who developed in me a sense of analytical understanding by their useful discussions. Brothers Imran, Ishfaq, Nazir and Mudassir deserve special thanks for helping me in the proof reading of the manuscript. My younger friends, Farooq, Jhangir and Shafi helped me in many ways during the compilation of this work and I am highly grateful to them.

I am extremely beholden to my parents and sisters for their immense love, inspiration, assistance and interest in my academic pursuits. This work would not have been possible without their active support and patience.

Finally, my thanks are due to Tahir Bhai and Adil Bhai for typing this manuscript in the shortest possible time. Their professional capability and technical excellence are worth mentioning.
