ACKNOWLEDGEMENT

Thanks are due to almighty “Allah” the most beneficent and merciful.

It gives me immense pleasure to express my profound gratitude and indebtedness to Dr. Mohd. Mobin, Reader, Department of Applied Chemistry, Z.H. College of Engineering and Technology, Aligarh Muslim University, Aligarh for his philanthropic guidance and constant stimulation throughout the entire course of this study. Without his learned supervision and academic excellence the work could never have been completed. I remain beholden to Prof. Mohd. Ajmal as co-supervisor, Department of Applied Chemistry, Aligarh Muslim University, Aligarh for his never failing inspiration, encouragement and suggestions.

My sincere thanks are also due to Prof. K.G. Varshney, Chairman, Department of Applied Chemistry, A.M.U. Aligarh for his co-operation and providing research facilities.

I am equally thankful to Prof. A.U. Malik, Head, Corrosion Research Centre, SWCC, Al-Jubail, KSA for his help in planning the work and useful suggestions during the progress of the work, which were of great values.

Thanks are also due to Dr. R. Prasad, Dr. S. Rai and Dr. Ishaq Ahmad, Geological Survey of India, Lucknow, Dr. Shahreer Ahmad, SWCC, Al-Jubail for XRD analysis and Dr. K. Ambwani, Birbal Sahni Institute of Palaeobotany, Lucknow for SEM studies.

I would like to acknowledge gratefully the help and cooperation from all my friends and research colleagues.

I express my sincere regards and love to my Parents who have always been a source of inspiration and encouragement. Without their love, blessings and moral support I could not have achieved the target. I wish to record my rare personal attachment and sense of gratitude to other members of my family for their incessant stimulation and good wishes. Their optimistic attitude always inspired me.

I am thankful to Mr. Abid Jamal Siddiqui for typing the manuscript meticulously.

(Syed Khalid Hasan)
