ACKNOWLEDGEMENTS

I wish to express my profound gratitude to my supervisor Dr. Asif Ali, for his guidance throughout the progress of this work. I am grateful to him for his stimulating discussions and encouragement for this effort on my part.

Words fall short to express my deep sense of gratitude and immeasurable debt to Prof. Rashid Ali, for his guidance and encouragement in trying moments. I have benefited from his sound knowledge in the field of science which has greatly helped me in writing up this thesis.

I am thankful to Dr. Mashiat U. Siddiqui, Chairman, Department of Biochemistry, J.N. Medical College, AMU, Aligarh for providing necessary facilities.

I also have to acknowledge the help given by Dr. Khurshid Alam, Dr. Moinuddin and Dr. Kiran Dixit, who have been a great source of inspiration and encouragement during the entire period of my research.

I also express my sincere thanks to Dr. Ghulam Waris, Dr. Rizwan Ahmad, Dr. Haseeb Ahsan, Dr. Deepak K. Garg, and Dr. Saba Abidi for their helpful advice and suggestions.

I have to mention the help and cooperation extended to me by my lab colleagues Mrs. Safia Habib, Ms. Sarah Afaq, Ms. Fozia Khan, Dr. Mubarak Raza and Dr. Tariq Masood.

I am extremely grateful to my friends, Saba and Harshita for their valuable suggestions, help and support throughout my research.

My friend, Farina, was one without whom this thesis would not have been possible. Her encouragement and cooperation at every stage made it possible to finish this thesis.

I wish to express my heartfelt gratitude towards my family members for all the help and moral support. I would be failing in my duties if I do not express my gratefulness towards my parents without whose blessings it would have been difficult to achieve this task.
Thanks are also due to the non-teaching and technical staff of the Department of Biochemistry. Help extended by the staff of Central Photography Section is also appreciated.

I wish to thank Mr. Rizwan Ahmad, for all the help, cooperation and painstakingly typing this thesis for me.

Financial assistance from the Council of Scientific and Industrial Research in the form of Senior Research Fellowship is gratefully acknowledged.

(Farah Mansoor)
