First I bow in reverence to Almighty ALLAH the omnipresent, whose blessings provided me a lot of energy and encouragement in accomplishing the task.

No book is ever written in solitude and no research endeavour is carried out in solitude, I make use of this precious opportunity to express my heartfelt gratitude and sincerest thanks to my learned teacher and supervisor Prof. Qamar Abbas Naqvi for his able guidance, sincere advice, constructive criticism and affection during the course of investigation without which this work would not have materialized.

I offer my grateful thanks to Prof. Arif Inam, Chairman, Department of Botany, A.M.U, Aligarh for providing me necessary facilities to undertake this study.

I would like to thank Dr. Jasvir, Scientist (I.A.R.I), New Delhi for his help in having micrograph of virus culture.

I express my indebtedness to my seniors and lab colleagues, Dr. Tabassum Jahan, Ms. Bushra Afreen, Ms. Getesh Bhagel and Ms. Mehar Fatima who supported me in bringing the dissertation in its present form.

I would fail in my duty if I don’t acknowledge my heartfelt thanks to my friends; Mucksood, Athar, Suhail, Javaid, Shameem and Usman deserve a note of special thanks.

No words could adequately express all that my parents have done for me throughout my life. I express my deep hearted gratitude to my grandmother, esteemed Father and my Sister whose emotional and moral fragrance always empowered me to carry on my studies. Their precious love, encouragement, financial assistance, moral boosting and gracious blessings have in fact enabled me to achieve this finding.

Lastly, I am also thankful to All In One Compuwriters for typing the manuscript.
