The present study is 'A Study of Indo-OECD Trade, During 1970-71 to 1999-00' is divided into seven chapters.

In chapter one, an introduction about the international trade or Foreign trade; approach of the study, objectives of study; and limitations of study are given.

The second chapter contains the Review of the existing studies on export, import and terms of trade during the period 1965 to 2001.

In chapter three presents, the analysis of Indo-OECD trade during the period 1970-71 to 1979-80.

The fourth chapter contains the analysis of Indo-OECD trade and Direction of trade during the period 1980-81 to 1989-90.

The fifth chapter deals with the analysis of Indo-OECD trade and Direction of trade during the period 1991-91 to 1999-00.

The sixth chapter contains the comparative study of India's Export, Import and Balance of trade with OECD countries during the period Pre-Economic Reforms and Post-Economic Reforms period and we have also tested the hypothesis framed in our study.

A summary of main findings and conclusions is presented in the last chapter wherein we have also given some useful suggestion for development of Indo-OECD Trade relations in future.
