It is a great honour for me to express my deep gratitude to Prof. Mahdi Hasan (FNA), founder director, Interdisciplinary Brain Research Center (IBRC), J.N. Medical College, AMU, Aligarh. It has been my good luck that I had the opportunity to learn a little from him and blessed with his guidance on the line of study to be undertaken.

I have a deep sense of gratitude for Prof. Syed Ashfaq Nabi, Department of Chemistry, AMU, Aligarh, for his constant assistance and guidance as a supervisor for the completion of this study. It was his constant encouragement, knowledge and experience as a scientist which has led in the submission of this thesis.

I am immensely grateful to Prof. Shamim Jahan Rizvi, Director, IBRC, for the constant encouragement throughout the period of study. I would be greatly indebted throughout my life for her keen interest, excellent guidance and suggestions without which the completion of this study would not have been possible.

I am thankful to Prof. Saiduzzafar Qureshi, Chairman Department of Chemistry for providing the necessary research facilities.

I acknowledge the guidance and invaluable suggestions by Dr. Fakhrul Islam, senior Lecturer, Department of Elementology and Toxicology, Jamia Hamdard, New Delhi, which were of great help to me during the course of this investigation.

Prof. K. S. Siddiqui, Department of Chemistry, AMU, deserves my special thanks for going through the manuscript and suggesting corrections in the manuscript.
I find no words to express my deepest gratitude and respect to my father and mother who have always encouraged me with their unstinted efforts and patience without which this thesis would never have reached the presentation stage. I am immensely thankful to my elder brother, Mohd Ahmer Nadim for helping in the correction and presentation of this thesis. My younger sister, Fauzia deserves special mention for her constant encouragement throughout the period of the study.

I express my thanks to my best friend Dr. Javed Iqbal who has always been of immense help with his constant words of encouragement and suggestions during the course of the study.

My colleagues Dr. Yagana Bano, Dr. V. Ramesh, Nusrat Azhar deserve my thanks for their cooperation and encouragement during the preparation of the thesis.

I am grateful to the staff of Audio-Visual and Photography Center, JNMC (AMU) for preparing the photographs. I am also thankful to the staff of Forensic Department, JNMC (AMU) for their constant help during the course of this study.

I am grateful to Anil Chaudhary M/s. Chaudhary Computers for preparing the manuscript to my satisfaction.
