ACKNOWLEDGMENT

All my thanks are to ALLAH, the Almighty, the Merciful to whom ascribed all Perfections and Majesty; who bestowed upon me the courage, patience and strength to embark upon this work and carry it to completion.

I wish to express my heartiest indebtedness to my parents without whose continuous support, rare sacrifices and eternal affection it would not have been possible for me to reach at this stage of my career. I would also like to express my special thanks to my brothers and sisters for their best wishes.

It has been my proud privilege to work under the supervision of Prof. Mohammad Ashraf, Department of Mathematics, Aligarh Muslim University, and benefiting from his readily accessible and invaluable advice, scholarly guidance and helpful criticism. He inspired, encouraged and guided me at all stages of my study. I very gladly and respectfully express my sincere thanks for his honest concern throughout the preparation of the dissertation. It is difficult for me to express in words what all I owe to him.

I convey my greatest sense of gratitude to Dr. Asma Ali, for their useful suggestions, moral support and cooperation which helped me lot of times.

I express my sincere thanks to Dr. Nadeem Ur Rahman and Dr. Shakir Ali. for their encouragement and valuable suggestions during my dissertation work.

I am extremely grateful to the chairman, Department of Mathematics, Aligarh Muslim University, for providing me the requisite facilities.
