Praise to almighty Allah for his countless and innumerable invisible conspiracies to shower me with the necessary courage, vision, determination and faith, for making this dream into a reality. It is surely the Allah’s benevolent hand who generated in me the desire to hunt for realities and complete this work.

I am extremely thankful to my supervisor, Dr. P.K. Mathur (Reader) for giving me his helping hand at the most difficult phase of my work. Last but not least I feel privileged to acknowledge the contribution of my family in my every act, dream and endeavor. I don't have words to thank my Papa, for his untiring faith and support in my every decision and in my every dream. I feel short of words to my mother, the lady who introduced me to the civilization of words, showed to me how to walk, how to talk and how to dream and for love she gave me. I feel short of words to my Brother in law Haider Ali and Perwez Ahmed and other relatives Anwarul Haque, Jawed Ahmed and my Uncle for their everlasting moral support affection and patience without which it would have been impossible for me to accomplish the arduous task for completing this dissertation.
