ACKNOWLEDGMENTS

All praises and thanks are for almighty ALLAH; who only enabled me to complete this research work in the present form.

It gives me extreme pleasure to place on record my indebtedness and sincere gratitude to my research supervisor Dr. Abdul Bari, Department of Statistics and Operations Research, A.M.U., Aligarh, for helpful comments, suggestions, encouragement and guidance I received from him throughout my research work. I confess that without his good advice and help this research would not have become a reality.

I am also indebted to Prof. Sanaullah Khan, Department of Statistics and Operations Research, A.M.U., Aligarh, for his precious guidance, critical suggestions and persistent encouragement during the course of this work.

I offer my profound thanks to Prof. M.Z. Khan, Chairman, Department of Statistics and Operations Research, A.M.U., Aligarh, for the inspiration and valued help that I received from him during the course of this study.

Prof. Sirajur Rahman, Department of Statistics and Operations Research, A.M.U., Aligarh, was always a source of great encouragement to me. I am deeply grateful to him for the same.

I am also thankful to Prof. A.H. Khan, Dr. M.J. Ahsan, Dr. M. Yaqub, Dr. M.M. Khalid, Dr. Q.M. Ali, Dr. S.M. Arshad, and all the other members of the teaching staff of the Department, for their fruitful discussions and encouraging me during the course of this study.

The help of supporting staff of the Computing Lab, Library and the office of the Department is acknowledged with my sincere thanks.
My heart goes out in reverence to my parents and brothers for their tremendous patience, endurance and affection. I also owe a debt of gratitude to them whose sacrifice and love has always been a great source of strength to me.

Finally I express my hearty thanks to all my friends and colleagues for their good wishes and constructive help from time to time.
