Acknowledgements

I am grateful to Dr. (Mrs.) Shoeba Binte Anis, Assistant Professor, under whose guidance and supervision this research work was carried out. Her easy accessibility and apt handling of different problems has immensely helped in smooth completion of my dissertation work.

Thanks are due to Prof Irfan Ahmed, Chairman, Department of Zoology, Aligarh Muslim University, Aligarh, for providing all the necessary facilities for carrying out this work and I am also grateful to Dr. Kamil Usmani and Dr. Shahid Bin Zeya, for giving me suggestion and help as and when needed.

Further I have no words to thanks Prof. Mohammad Hayat (retired) Department of Zoology who sacrificed his valuable time and without his help the present work would have not been completed.

I express my special thanks to the research associates, Dr. S.M.A. Badruddin, Dr. Famanur Rehman Khan, research scholars Ms. Tabassum Rehmat, Ms. Salma Begum and my colleagues who helped me as and when I am in need of help.

My parents and other family members deserve heartiest gratitude for their inspiration and affection without whose sustained patience the present work would have not been possible. Most cordial thanks are due to my sisters, brother and friends for their support and encouragement.
